To the
Minister of the
Interior. Ottawa

Sir

In the month of June
of this year I was informed
by Mr Lowe of the Crown
Land Office here that the
sum of $24.75 was due on
lots purchased prior to
the establishment of this
Office and that the
sum of $150 was due
being for
I was told
I received a letter
stating that on a scholars
$100 on lot 1 & 2
$10 on each 16 I then
pointed out to him that

the Office owed me said sum
of $ 5.60 and that after
paying the alleged shortage
there was still due me
$ 2.60. Mr Coe admitted
to me that he had received
the document referred to and
said he had lost it. I told him
that I was not interested in the
matter and that he must
pay me the money. He said
he would see me again and
I left. I have not seen him
since. I have not received
any money from him.

Upon the Mr. McLeod is aware that the Deft. does not refund any surplus pay'ts: made in error so the Dept. can not get the remainder of the surplus $4.19 refunded him —

Of course Mr. McLeod would not have been asked to pay this shortage of $1.50 a/c these lots, had the over payment in error been made last June.

been noticed when the final payment on these lots was being posted, but the shortage of $1.50 would have been deducted from the surplus fund in the usual way —

Memorandum.

The applicant in this case, Frank McLelland, was refused homestead entry (see Departmental letter of the 12th May last), as it was alleged that he had sold his homestead to one Threlfell, his homestead being part of the West half of Section 10, Township 37, Range 28, West of the 4th Meridian.

Threlfell was also refused homestead entry, on the ground that he was a party to the transaction, but was subsequently permitted to make entry for the land in question, see letter above mentioned, marked. McLelland states positively that he did not sell the land to Threlfell, and that he merely sold him his ~~horses~~ horses, waggon and buildings and other improvements, (for $1000.00, according to Threlfell's statement, which I have marked.) He further states in his letter that he sold

Sir,

I beg to inform you that it appears by the records here that the amount ~~to~~ which Mr. Samuel Barber, is entitled to be refunded is $45.11, and not $37.98 as stated in your letter of the 5th instant, Ref. 8396.

This amount is made up as follows :-

The balance of principal due on account of Lots Nos. 37 and 38 in Block 87 in the Townsite of Calgary is $13.66 , and the ~~amount~~ balance due on Lots Nos. 39 and 40, is $20.66, thus making the total balance of principal for the four lots, $34.32. To this amount has to be added $ .68, the interest on $34.32 from the 15th June, 1888, to the 31st March last, a period of 1 year and 291 days, making a total of $38.00.

The amount which was paid by Mr. Barber, ~~in scrip~~ according to your return of the 31st March last is $83.11. The difference between $38.00 and $83.11 is $45.11 as above mentioned.

The Agent of

I

I have therefore to state that no steps will be taken towards the preparation of a scrip note in favor of Mr. Barber for the amount of the refund until a letter has been received from you in reply to this communication, explaining how you made the amount $37.98.

This land was entered for by Mr. E.L. Agent was instructed on the 20th of that month to sell either the half section or either quarter to any person who might be named by Mr. Cross at $2.50 per acre Cash, or one fourth Cash at the option of the purchaser- no mention was made in this letter to the Agent about collecting the value of the improvements as such was unneccessary in view of the fact that in all cases when an entrant is allowed , either himself or through his nominee to purchase the land entered by him- the purchaser is not required to pay for his own improvemnets .

On the 4th. of September 1889 the N.E. ¼ was sold to Mr. Selkirk Cross presumably the nominee of the homesteader- who paid one quarter in scrip and cash but nothing for the improvements.

It was on Mr. Meyers report that the cancellation of Mr. Cross Military Land Warrant entry was carried out and his report does not localize the improvements on either quarter-

My dear Sir

At a meeting held last night I was deputed to wait upon Colonel Lands appointed to the Reserves here. I came across to the Bow, and got a Burial ground - say 2 acres - laid off which we propose reserving to be used as a Cemetery.

I understand Lindsay is about to start for Fort Benton & proceed to Fort Walsh.

Mr Allen & Col McLeod & Baptiste who have no land taken up here as yet are anxious to get their respective Farming & improvements place. There is a hill at present being built by the Commissariat Department which they wish to get for Religious Purposes & which I think would be a very good place for a Burial ground, and in accordance with your instructions I am about to call a meeting of the Settlers & ascertain their views on the matter & report to you.

My predecessor (Rev. James Beveridge) made application for the Land & received the respective money for the same.

Your Land attention to the above will be esteemed a favour by all concerned

Yours faithfully

Dear Sir,

I have confused legal subdivision 9 with legal subdivision 16 of Sec.26, T.12, R.6, W.4 M.

The Church of England authorities do not wish to press their claim to legal subdivision 16 and I beg to enclose a note to that effect.

In consequence of this, can I have the said legal Sub. 16 added to my homestead, of which it forms a part?

Will you please tell me how I am to proceed, and oblige.

L.S. 9 of Sec. 26-12-6 E. of 1 was patented as a Grant for church purposes on the 31st Oct 1892 to the Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West [redacted] in trust for the purposes of the congregation of St Johns Presbyterian Church at Headingley. The grant was made under the authority of sec 31 of the Dominion Act 51 Vic. of 8th March 1888 and it was applied for on the 19th Dec 1888 by the Rev. James Herald on behalf of the Elders and managers of the said congregation. It was a free grant for which a patent fee of $10 was paid to the Agent by Rev. Jas Herald.

MEMORANDUM:----

I beg to return Ref. 10875, and to say that legal subdivision 9 of section 16, township 12, range 6, west 4th meridian, was patented as a grant for church purposes on the 31st October, 1892, to "The Board of Management of the Church and Manse Building Fund of the Presbyterian Church of Canada for Manitoba and the North-West", in trust for the purposes of the Congregation of St. John's Presbyterian Church at Medicine Hat.

The grant was made under the authority of section 31 of the Dominion Lands Act and Order in Council of the 5th March, 1883. The application for such grant was made by the Rev. James Herald on the 19th December, 1891, on behalf of the Elders and Managers of the said congregation, and the usual fee of $10 was paid by him at the time.

According to Ref. 10875-1, attached hereto it would appear that the City of Medicine Hat has purchased the above legal subdivision from the Presbyterian authorities, but as this grant was made subject to the land being used for church purposes only there is no authority under which the patentees could dispose of the land, and if it has ceased to be used for church purposes it should be reverted to the Crown.

Respectfully submitted,

Sir:-

No.195436.

As Chairman of the Board of Management of St. Johns Presbyterian Church, I have been asked to obtain from you copies of all correspondence and other documents in connection with the grant of legal subdivision Number Nine (9), of Section Twenty-Six (26), in Township Twelve (12), in Range Six (6), West of the Fourth Meridian. I have before me Letters dated June 17th,1889; August 17th,1889 and September 16th,1889, from your Department to the Rev. James Herald. A letter from the Agent of Dominion Lands at Lethbridge dated May 8th,1889, to the Rev. Mr. Herald; one from Mr. Dupee, Secretary of the Dominion Lands Commission, Winnipeg, dated January 7th,1889, and a receipt from the Dominion Lands at Lethbridge for $10.00, dated July 6th,1889. Some question has arisen respecting the manner in which and the purpose for which the land was acquired and I would thank you to be good enough to forward me copies of all letters from the Rev. James Herald to your Department and of any other letters from your Department to the Rev. Mr. Herald in addition to the ones above specified and of the Statutory Declaration mentioned in the letter of June 17th and August 17th,1889, together with a copy of the original Patent and any other documents of any kind which may refer to this property.

At the time this land was obtained by the Rev. Mr. Herald there

The Secretary,

Department of the Interior.

was only a Presbyterian mission here out of which developed St. Johns Presbyterian Church. A few years ago Knox Presbyterian Church was started here and it is claimed by some that the property in question belongs not any particular congregation but to the Church at large. The matter is to be dealt with by the Presbytery and I have been asked to obtain the above information so that at least so far as St. Johns Church is concerned there will not be any misunderstanding or misrepresentation of the facts. I mention these particulars simply for your information so that you may better understand why I am taking the liberty of asking for so much material from your Department.

My dear Sir,

At a meeting held last night I was deputed to write to you concerning the Globe Lands appropriated to the Presbyterian Church here.' We are anxious to use part of it as a burial ground- say 2 acres- 1 acre of which we propose meantime to fence in & lay out as a Cemetery.

Would you kindly advise us about (1) Title Deeds (2) Exact location of ground (3) Power to sell?

Our idea is to let the Methodists & Baptists who have no land, take up lots at a small price to cover expense of fencing & improving the place. There is a bill at present being brought in by the N.W. Legislative Assembly making it competent for Religious Bodies to hold a burial ground, and our arrangement so far is that a representation of 2 from each of these denominations shall have control of the ground &c.

My predecessor (Rev. James Herald) made application for the land & sent on the required money for the same.

Your kind attention to the above will confer a favour on all concerned.

I have telegraphed you this morning as follows:-

"10443 please send immediately information and copies promised in your letter of 3rd inst."

I wrote to you on the 14th inst., asking that you would hasten the production of the material in question. I now find that in order that the corporation shall have any benefit of the file which you are to furnish me, it is necessary that it should be in hand by the 24th inst. Since some two months have elapsed since I first took this up with your office, I hope that if the copies are not forwarded before you receive my telegram of today, you will arrange to have them sent immediately on receipt of my telegram. The delay which has occurred in this connection reminds one of the old "circum locution office" to which Dickens referred in "Little Dorrit".

Dear Sir:-

Part of the N.E. 26-12-5 west of 4th

Sometime ago I had an extensive correspondence with your department respecting a large question of the town quarter section, this was granted some years ago in trust, for St. John's Presbyterian Church here.

At that time I remember, a patent from the crown showed that the grant was supposed to be under section 91 of the Old Dominion Act.

The Congregation of St. John's Church are now erecting an edifice on said land held in trust, and since the land is not now required for its purposes, I would be glad to receive the consent of your department, that, notwithstanding the original grant, the trustees may sell or license of the land on such terms and at such prices they see fit for the benefit of the Congregation.

As I informed you, at the beginning of my correspondence with you last summer, I am Chairman of the board of management of St. John's Church, and in that capacity I am in communication with you.

Your truly,

Dear Sir,-

The Department is in receipt of an application from W. A. Begg, K.C., of Medicine Hat, in behalf of the congregation of St. John's Presbyterian Church of that place, for an unconditional grant of the site which was granted to that congregation for church purposes. The site contains forty acres and is composed of legal sub-division 9 of section 26, township 12, range 6, west of the 4th meridian, and has been held by the church for over twenty-one years. The congregation has apparently not made any use of it for church purposes, and they are now desirous of securing a clear title to the property in order that they may dispose of the same.

Before taking any further steps in the consideration of this application, it is thought advisable to have definite information as to the value of the parcel and also any information of a local character which you might think advisable to submit for the information of the Minister which would assist in the consideration of the application.

I will be glad if you would let me have a report with a valuation and a recommendation as soon as possible.

MEMORANDUM:-

I beg to refer you to my memorandum of the 20th December last, respecting the application of the Presbyterian Church to have the restrictions removed in the letters patent which were issued to that church on the 31st October, 1892, for church purposes, in order that the land may be disposed of for the benefit of the Church as it was not further required for church purposes.

The land was inspected and valued by the Homestead Inspector in December last, and the Agent of Dominion Lands reported that the land in question could then be sold for $500 an acre and that it might perhaps be worth $1000 in the spring. He pointed out that the land "is within the two mile radius of the Post Office. It is good level land and suitable either for an industrial site or for residential building purposes".

In accordance with the decision arrived at, Mr. Begg, Barrister, of Medicine Hat, who was acting on behalf of the Church in this matter, was advised on the 10th February last that the Minister was unable to consider the case at least for the present. This letter was written after the Private Secretary had been consulted.

In this connection I beg to submit the letter of the 20th ultimo from Messrs. Begg, McLarty & Evans, Barristers, Medicine Hat, asking for an early decision.

Dear Mr.Burgess,

Replying to your letter of the 13th.inst. I would say that I remember perfectly the reasons for your sending the telegram in question.

When you came to Calgary that summer I called your attention to the fact that the S.1/2 of Tp.5, Rge.28,W.4th.M. was in the Cochrane lease, which was not subject to settlement, and that Mr.Wm.Cochrane had asked that it be not subdivided. The change regarding S.1/2 of Tp.4,Rge.29,was recommended to meet requirements of squatters in Tp.5 in the same range.

I presume that in the settlement with lease holders it will be necessary to make subdivision surveys within leases, in fact this was done last season

season by Messrs Miles and Wilkins, so doubtless the objection to the subdivision of Tp.5, Rge.26, need not now be considered.

Department of the Interior,
Ottawa, 1st May, 1894.

Mr. Burgess,

Re Subdivision of Tp. 5, R. 26 W. 4th.

The Cochrane Ranche Co. desire to purchase fractional Sections 5 & 6, all of Section 7 and South ½ of [illegible] in that Township. If the Hudson Bay Company relinquish their right to Section 8 all that need be established as far as the Cochrane Ranche Co. is concerned is a traverse of the River, the Northerly boundary of 7 and 8 and the Easterly boundary of 5 and 8. In the same Township lower down the river there are two settlers Wilson and Smith. Surveys will require to be made to ascertain what Sections and portions of Sections their improvements touch. Also traverse of the Waterton and Belly Rivers across said township and across Township 6, Range 26 W. 4th. It would at present at least for the present be inadvisable to subdivide this I have had in view requesting the Hudson Bay Co. to accept a block of land in Township 5, Range 26 or 27 South of the Waterton River in lieu of lands the leaseholders desire to purchase within their leaseholds which belong to the Hudson Bay Co.

Respectfully submitted,

Re sale to Skrine Secss5 & 6 - 16 - 1 w.5th

Referring to Department's letter to us No.234.347 (3) de dated the 8th instant a copy of which we enclose. We would be much obliged if you would let us have your views with regard to the matter We are most anxious to comply with the wishes of the Department and are prepared to surrender our claim to the E.½.of 27-1-26-4thclaimed by John and Charles Furman and also to surrender all claim to all of Frac.Sec. 15-5-26w.4th lying west of River,except the S.W.¼. west of th river containing about 80 acres which not knowing Smith had any claim to it,we agreed,though no formal agreement was signed to sell to Scott & Sykes,these men having obtained permission from the Cochrane Ranche Co.,whose lease covered it,to purchase. They have done a considerable amount of fencing and made other improvements and we would not like to see them unfairly treated. We enclose copy of a letter from our representative at Macleod,by which it would appear that Mr.Smith only claims the N.½.of the section. A copy of this letter was forwarded to the Department. As you are familiar with the subject would you kindly let us have your views ?

Yours truly,

Sir:-

In reply to yours of the instant re sale to Coste & Lewis & Lewis [illegible] Morrison and Manchester exchange of the [illegible] 27 - 1 [illegible] Morrison to Brace, Coste & Lewis - 5 - [illegible]. [illegible] my views, and state.

As regarding the claims of Peter & John Clark Turner to the [illegible] 27 - 1 7 [illegible] .. Mr. Turner has proven a first class settler and cultivator of the land and has a character unsurpassed in the district. He has been [illegible] for [illegible] and has a valuable property. He is on the father in connection he had [illegible] at Ante-Emption settlement any idea of [illegible] his quarter. The only claim is merely not a mere strong one, but simply on that on the father's; but there has always been a disposition [illegible] part of the Department to treat a case of this kind more favourably than would be done to the average.

As to the lease of Smith on [illegible] 1 - [illegible] W. 4th. I know the claim but if I ever took any evidence thereon I have no record here, it may have been sent to Head Office; but have no recollection thereof. Judging by the map it would appear that if he received the [illegible] he would be fairly treated. If the weather continues at all propitious, I hope to [illegible] the 1st of January to visit the neighbourhood and will then report on this case.

REFERENCE No 8578 and 11.602

Sir;-

Enclosed find copy of letter from Messrs. Osler, Hammond & Nanton with copy of my reply. Would you kindly send me Smith's affidavit. Judging by the map and what I know of the claim, if he receives the N.½. of 15 he is probably most liberally dealt with. If he desires to increase his holding, let him take the S.W.¼. of 22 adjoining. The N.½. of 15 would give him a water frontage of a mile, which it is submitted is liberal treatment, considering that he squatted on a leasehold [illegible] and only has been grazing a very considerable band of horses on the public domain for 10 or 12 years without paying one cent for pasturage and that his improvements are of very little value, in fact, can scarcely be termed permanent, at least, I speak of them as they were when last I saw them some two years ago.

Further, if Scott & Sykes obtained permission from the Cochrane Ranche Co. to acquire the S.W.¼. of 15, does not that give them a preferential right to Smith ? The maximum area to which Smith is entitled, even if he were there legally is 160 acres, the N.½. contains 181.5 acres, which as pointed out, he can increase to any reasonable extent by purchasing land and that of the average value in that township.

LETTER No. 11.561

REFERENCE No. 8578

Calgary, 24th December 1895

Sir;-

In further reference to mine of the 28th ultimo re claim of John Smith to the S.W.¼ of 15 - 5 - 26 west 4t Meridian. I have the honour to advise you that on the 16th instant I visited the claim mentioned. The township map represents the position of affairs fairly and all the improvements; since survey, he has put up fencing to the value probably of 50 to $60.00. All the improvements are not worth above $300.00. Mr. Smith owns about 200 horses which he ranges in the vicinity and has had for some 13 years during whic time he has paid no rental for grazing, so that he cannot be said to have any grievance so far, and as the Act did not guarantee to any squatter in advance of survey more than 160 acres, I presume, that if he were limited to that area, he could not complain. His chief claim to the S.W.¼ is by virtue of once having sown some wild rice in a pond thereon, which he states was destroyed by the musk-rats after it grew. He asked me if he were not entitled to a homestead of 320 acres, or rather a first and second homestead, by reason of the long time he had been there, to which query I replied in the negative; he then asked what the price of the land would be per acre. I told him what the regulation price was and added

added that the Government might owing to his long residence sell him a reasonable area at the time ruling when he settled, namely $2.50 per acre. He then informed me that "he was not going to pay $2.50 an acre for any land in this country"; whereupon I told him, that such being the case, we might consider the matter finally closed, and I would recommend that he be granted as a homestead the frac. S.E.¼ of 15, the E.½ of L.S.12 and 13, all of L.S.14 and the frac. L.S.11 thus giving him 151.5 acres which would be as near 160 acres as could be arranged for by dealing with Legal Subdivisions or portions thereof. I further informed him that if he desired to increase his holding there would be nothing to prevent him buying the remainder of the quarter section and also the ~~S.½~~ of the southerly 15 chains, thus adding to his area about 90 acres. There being no road allowance between 15 and 22 they could be embraced within one enclosure and if he desired no more than his homestead, I would recommend that his purchase be limited to the E.½ of 15 and the S.½ of 22 already alluded to. As I was leaving, however, he came out of the house and told me that he would pay $2.50 per acre for the S.W.¼ but not for any other land in the neighbourhood. His claim to the S.W.¼ cannot, I think, be entertained. There is one other point to which it might be well to direct your attention, namely, that while the land was under lease to the Cochrane Ranche Co. Messrs. Sykes & Scott obtained permission from the Company to purchase the said S.W.¼ of 15. Does not that give them a right to it which cannot be very well be ignored?

Referring to the claim of Mr. Henry Smith as a Scrip 15 Township 5 Rge. 26 West of the 4th Meridian I am directed to say that at the request of this Department the Calgary and Edmonton Railway Company have filed a Land claim dealt in favor of the Crown to any right or title which they may have had in the N½ of Section 15 in this township & Rge. The portion colored red was allotted to Mr. Smith under our letter of 30th January last, he was also to be allowed to purchase the west halves of L.Ss 12 and 13 which are left white on the sketch. Now he accepts the portion colored red and writes to acquire only the west half of L.S. 12 in order to gain access to the public road. The area of the red portion is 151.50 acres and west half of L.S. 12 is 20 acres or a total of 171.50 which claims he is entitled to 160 acres as a homestead, and should only be called upon to pay for the difference of 11.50 acres. The arrangement would appear to be a not unreasonable one. Do you approve it?

LETTER NO. 11,493

REFERENCE NO 8578

Sir:-

In reply to yours of the 14th instant re [illegible] to S½ne of Sec'n.5 and S - 13 - 1 west 5th. [illegible] and suggested exchange of the S.E.of 27 - 1 27 west 4th [illegible] and Frac.Sec.13 - 3 - 29 w.4th. [illegible] views,would state.

1st. Regarding the claims of Father [illegible] Wurman to the S.E.of 27 - 1 27 w.4th [illegible]. The former has proven a first class settler and squatted on the land before ever a charter was granted the Calgary & Edmonton R'y.Co. and were it free for railway grants,not only he but any other would have been accorded homestead entry. [illegible] father is concerned he had put at date of settlement one [illegible] of where he was squatting. The son's claim is certainly not a very strong one,not nearly so much so as the latter's; but there has always been a disposition on the part of the Department to treat a case of this kind more liberally than would be done to the average.

As to the lease of South east.¼.of 13 - 3 29 w.4th. I know the claim but if I ever took any evidence thereon I have no record here.It may have been sent to head office; but have no recollection thereof. Judging by the map it would appear that if he received the S.E.he would be fairly treated. If [illegible] the weather continues at all propitious,I hope before the 1st of January to visit the neighbourhood and will then report on this case.

Dear Sir/

Re sale to Okalta Oils Ltd S - 16 - 1 W.5th

Referring to Department's letter to us No.291.347 (2) de-
dated the 4th instant, a copy of which is enclosed. We would
be most obliged if you would let us have your views with re-
gard to this matter as we are most anxious to comply with the
wishes of the Province and quite prepared to surrender our
claim to the N.E.¼ 27-1-14-4th obtained by Mr. Chas S
Tupper, but also to surrender all claim to all of Sec. 3rd.
15-2-W4th, both lying East of River, except the S.W. ¼ part of the
river subdivision about 80 acres which Mr Lewis Galt had
any claim to it, was agreed, though no formal agreement was
signed as yet by Mr. Galt. Some months ago obtained
quitclaim from Mr Tupper to Imperial Oil Co., whose lease covered
this portion. They have had a considerable amount of
drilling and geophysical instruments and we would be like to
see them removed, if not. We received also a letter from
our representative at Calgary, by which it would appear that
Mr. Galt only claims the N.E.¼ the section. A copy of this
letter is forwarded to the Department. If you are familiar
with the subject would you kindly let us have your views?

Yours truly,

Messrs. Walker, Hammond & Hudson.

LETTER No. 11.484

REFERENCE No. 8578 and 11.692

Commissioner of Dominion Lands,

Sir:-

Enclosed find copy of letter from Messrs. Osler, Hammond & Nanton with copy of my reply. Would you kindly send me Smith's affidavit. Judging by the map and what I know of the claim, if he receives the N.½ of 15 he is probably most liberally dealt with. If he desires to increase his holding, let him take the S.W.¼ of 22 adjoining. The N.½ of 15 would give him a water frontage of a mile, which it is submitted is liberal treatment, considering that he squatted on a leasehold without authority and has been grazing a very considerable band of horses on the public domain for 10 or 12 years without paying one cent for pasturage and that his improvements are of very little value, in fact, can scarcely be termed permanent, at least, I speak of them as they were when last I saw them some two years ago.

Further, if Scott & Sykes obtained permission from the Cochrane Ranche Co. to acquire the S.W.¼ of 15, does not that give them a preferential right to Smith? The maximum area to which Smith is entitled, even if he were there legally is 160 acres, the N.½ contains 161.5 acres, which as pointed out, he can increase to any reasonable extent by purchasing land and that of the average value in that township.

71, [illegible]

Sir,

Referring to the claim of Mr. John Smith in re Section 15, Township 5, Rge. 26 West of the 4th Meridian. I am directed to say, that at the request of this Department the Calgary and Edmonton Railway Company have filed a Quit-claim deed in favor of the Crown, to any right or title which they may have had in the N.½ of Section 15 in this township 26. Mr. Smith claimed the whole of this fractional section, and the matter was referred to Mr. Pearce who recommends as follows: That Mr. Smith be granted as a homestead the Frac. N.E.¼ of Sec. 15, also E.½ of L.Ss. 12 and 13, all of L.S. 14, and Frac. L.S. 11, thus giving him 151.50 acres, which would be as near 160 acres as could be arranged by dealing with legal subdivisions. In addition to the above, Mr. Smith is to be permitted if he so desires to purchase at the rate of $2.50 per acre, the west halves of L.Ss. 12 and 13 and also the southerly 15 chains of the South half of Section 22 to the north, a total area of 150 acres. Mr. Smith is permitted to purchase at $2.50 per acre on the recommendation of Mr. Pearce on the grounds that when he squatted on these lands that was the then existing price. Mr. Pearce's recommendation has been approved and Mr. Smith

I have filed here unsatisfactory evidence of the alleged settlement, and to impose the terms of section 16 of the Dominion Lands Act will be necessary before patent can issue. The application in question will be given consideration.

I may say that the above land is not available for homestead entry, but is open for purchase at $ per acre, except in certain townships where it is available for sale at $ per acre. Settlement duties are required on the homesteads of other quarter sections.

W.½ of L.S. 13 of 15--5--2½, W. 4th M.

The parcel above described is noted in the township register as reserved for Blood Indian Reserve No. 148.

As it would appear that possibly this reservation has been placed in the records since a sale of the parcel in question was authorized to Mr. Vincent I. Stewart, I would request you to kindly advise me if such reservation still obtains.

The W½ of S. 13 is not included in Indian Res. No. 148 as defined in the agreement of 17th Aug. 1889, and the notation in the register appears to be old. I presume that the one referred to is that of the agreement of the 6th Dec., 1910 between Billingsley & Lewis covering a portion of the land in question. I would suggest that this be mentioned in any subsequent submission. A.S. 3/11/27

Memorandum;

W.½ of L.S. 11 of 15--5--24, N. 4th M.

In accordance with the decision as endorsed on my memorandum of the 14th June, 1937, Mr. Vincent I. Stewart was advised that he might purchase the parcel above described, containing 2 acres, at the rate of $14.00 an acre, conditional upon his having filed here evidence of ownership of the W.½ of Legal Subdivision 11.

Mr. Stewart had had filed on his behalf an abstract of title showing him to be the registered owner of the W.½ of Section 11 and part of the S.E. of Section 15 in the same township, together with an agreement granting him to be the purchaser of a portion of the W.½ of said Section 11. It appears that while Mr. Stewart has completed payment for the W.½ of Legal Subdivision 11, the Billingsley estate refuses to give title thereto owing to a mortgage affecting the land and in the letter of the 11th instant hereunder, Mr. Jacobs, on behalf of the executors of the Billingsley estate makes application to purchase the said W.½ of Legal Subdivision 11.

I beg to recommend that, in the circumstances, Mr. Jacobs be advised that if he will have filed here an abstract of title or duplicate certificate of title showing the said estate to be the owner of the said W.½ of Legal Subdivision 11, together with letters of administration or letters probate of such estate, a sale will be authorized to the estate of the parcel in question on the terms of payment accorded Mr. Stewart.

N.C. Coté, Esq., I.S.O.,
Controller.

Sir,

Replying to your letter of the 15th ultimo relating to your application on behalf of the executors of the Billingsley estate to purchase the W.½ of Legal Subdivision 13 of Section 15, Township 5, Range 26, West of the Fourth Meridian, containing 20 acres, which land Mr. Vincent I. Stewart was granted permission on the 4th July, 1925, to purchase at the rate of $14.00 an acre, conditional upon his having filed here evidence of ownership of the W.½ of Legal Subdivision 12 of said Section 15. I beg to say that after consideration and in view of the special circumstances of the case, it has been decided that if you will have filed here evidence in the form of an abstract of title or duplicate certificate of title showing the said estate to be the registered owner of land lying immediately alongside the said W.½ of Legal Subdivision 13, together with Mr. Stewart's written consent to a sale of the land being effected to the estate, the application on behalf of the latter will be considered.

I may add in this connection that should a sale be made to the Billingsley estate, it will also be necessary for letters of administration or letters probate thereof, or a copy of the same certified by the proper officer of the Court for the district within which the land is situate to be filed in the Department.

Re W.½ of L.S. 13 of
Section 15-5-26 W.4th M.,

Memorandum.

Mr. Martin.

By the decision of the Department endorsed on the memorandum of the 24th June, 1925, Mr. V. I. Stewart was given permission to purchase the land above described, subject to evidence of ownership being filed by him for the West half of Legal Subdivision 12 of Section 15, Township 5, Range 26, West of the 4th Meridian.

Evidently the West half of Legal Subdivision 12 was held by Mr. Stewart under contract of sale from the Executors of the Billingsley Estate, and because of certain reasons, the Estate has been unable to make a transfer of the land to the purchaser.

Because of the restriction in the terms of sale for the West half of Legal Subdivision 13 Mr. Stewart has been unable to complete the purchase from the Department, but he has expressed his willingness that the land should be sold to the Billingsley Estate.

Under the circumstances, I would recommend that the permission granted to Mr. Stewart be withdrawn and that the Estate of the late J. M. Billingsley be permitted to purchase the land above described, containing twenty acres, at the rate of $14.00 per acre, being the Inspector's valuation.

Dear Sir

I have your letter of 28th January and I think it is quite time that I wrote the Department for the sale (Patent) of your lots. I may say that I have had a number of applications for lots but I have not felt justified in disposing of any of the Reserves pending Parliamentary action as to the Townsite. I am sorry that I have not been able to do more in this matter but I have had a great deal of trouble with the Indians and I have had to be very careful in my dealings with them. I am glad to say that I have succeeded in getting them to agree to the surrender of the Reserve and I hope that the Order in Council will be passed in a few days. I will then be able to dispose of the lots. I am

Dallas improved by one Robert Bailey and entered by one Wm Pearce As you will see on the application of Pearce he says there were no improvements. Bailey himself told me that he had nothing to do with the petition and was not aware of it. I think, however, I know the parties at the bottom of it. Bailey had another claim, it seems on Section 15 — same Tp — I also enclose a memo Bailey gave me when he first came to this office.

Referring to yur le ter of the 4th i stant 4387 on 3362 it would appear from the p pers which you enclosed that Mr Rober Bailey is quite wi ling to relinquish his claim to the N. 1/2 sec. 6 - 55 - 24 W. 4th upon receiving payment for the improvements which he had made thereon In fact it is assum -ed from his ~~will~~ which you enclosed dated the 26th Feb. ast that he has alr ady taken up another claim. You will therefore be good enough to inform Mr Pearce at once that if he desires to r tain his entry for the land mentioned it will be necessary for him to pay wi hout de lay nto your hands the sum of $37.50 being the valuation placed upon the improvements by Mr Johnstone. On receipt of this money it may be paid over to Mr Bailey. Please advise this office when the ma ter is closed.

I send you herewith copy of a letter which will throw some light on this matter. I see now where I was wrong in not crediting the payment made on the 17th Inst. in my return of the 23rd but the payment being made in Scrip I allowed it to stand over till the following week, pending a reply from Edwards Bros. to my letter, copy of which is enclosed. I will be very careful to avoid a similar mistake in future.

My dear Sir

I learnt by your letter of the 15th Feby last & Doctor Pinsent's report to your application for a Patent for his homestead S.E. 1/4 Sec. 4. Twp. 22. Rge. 25. W. 4th. That the earliest day on which he would be entitled to apply for it would be to-day, the 8th inst: and forbore troubling you before.

Going through the North Western Territory in the Autumn of 1883 I found him living with his father General Strange on the Quarter section adjoining that of the homestead for which he now claims the Patent. Since 1883 he has only been absent twice six months each time, the work he has done on the homestead, ploughing, sowing, erecting fences, already cleared, fenced & cultivated amounts to over twelve hundred dollars

in cash above the value of hire labour; the price is improving steadily

He has taken up the breeding of cattle as it is a grazing country, well adapted to the raising of cattle not to the ripening of grain.

It seems there is some difficulty in the way of his patent because he has not done sufficient ploughing but it would be ruinous to him to plough up his fenced pastures.

No doubt the fulfilment of certain conditions on the part of the settler must be insisted upon as a guarantee for their good faith, before they can obtain a patent but the breeder of cattle on the hill side pasture land the raiser of grain crops on the level prairie soil cannot be gauged with the same measure especially with regard to the proportion of ploughing required from both of them.

I am confident that you will find on enquiry that the law strongly

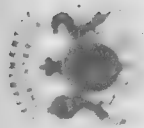

201177

has done more than is needed
to fulfil the spirit of the Law as
entitle him to a Patent for his
Homestead.

Knowing him as I do, from a
child, and having followed his career
with much interest, I can conscien-
tiously affirm that he is a valuable
settler for the North West, and that
few Patentees of Homesteads have worked
harder to earn their Patents or
deserved it better.

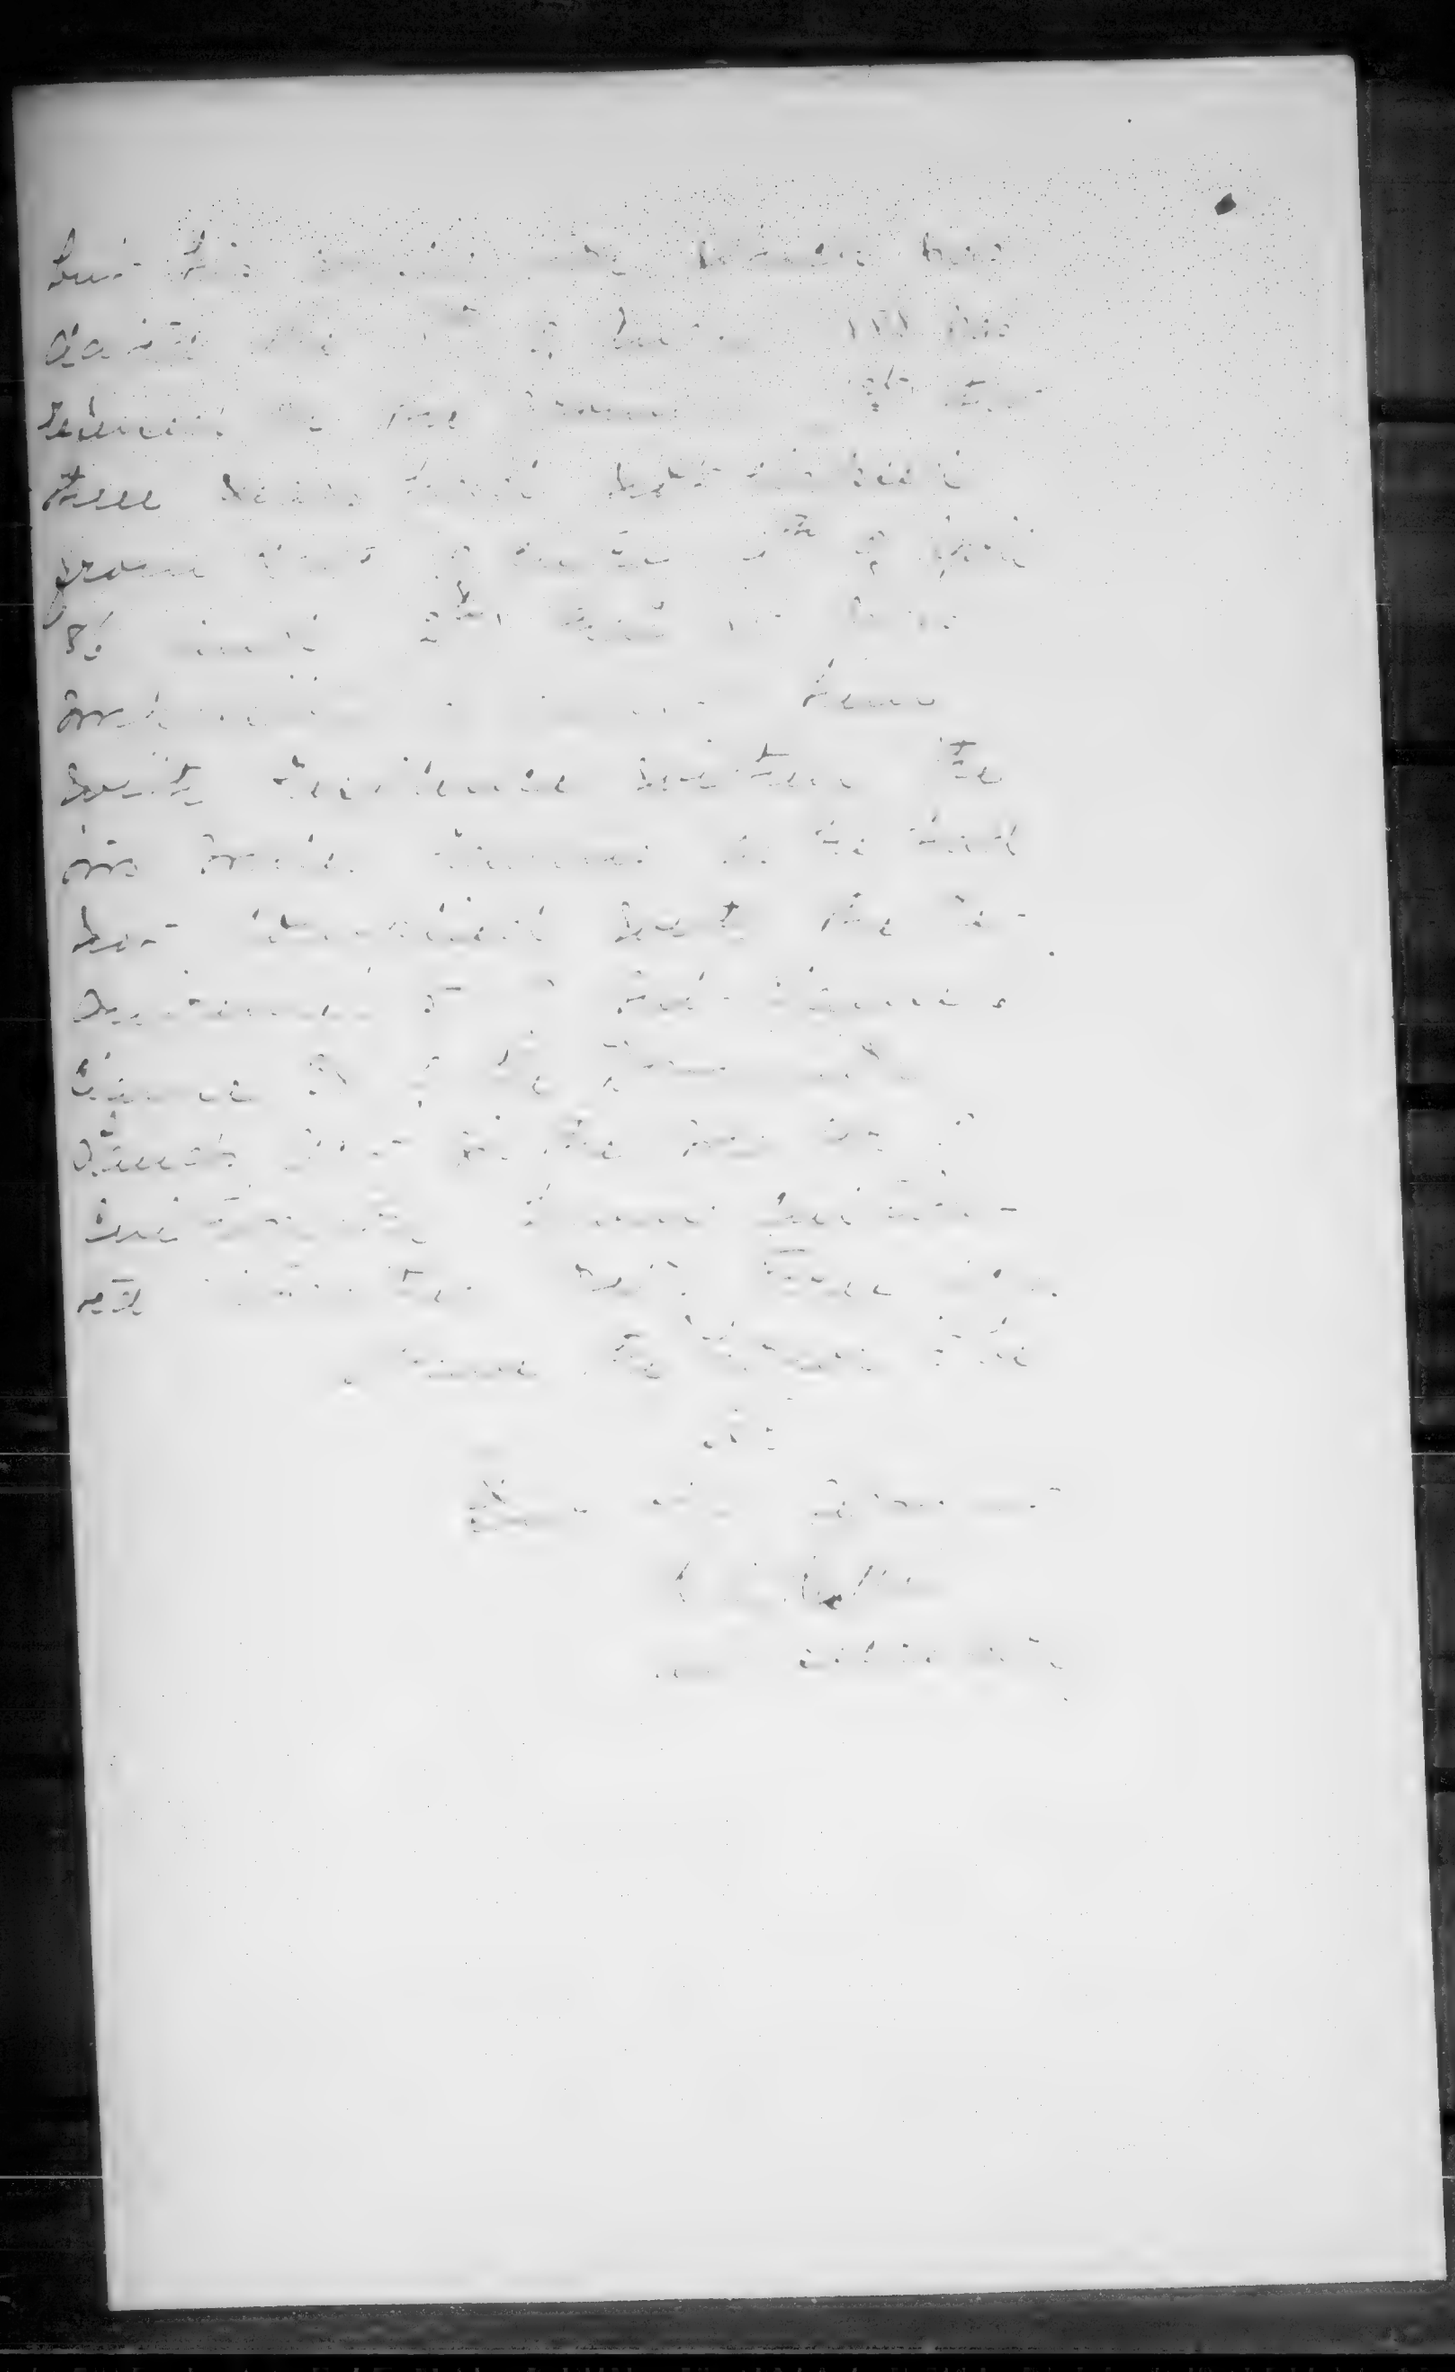

I earnestly hope that you will
consider his case favorably and
remain Yours very Truly

Sir

In further reference to the Minister's letter to you of the 5th April last respecting the case of [illegible] - and to enclose to inform you that the report has been received from the Dominion Land Commissioner where application to the Court at the [illegible] of location for Reliet Act he did not [illegible] permanent residence on his homestead until some time in April [illegible] and to [illegible] to [illegible] on the first day he was in residence within two miles of

The

the land for some years prior to that date.

His application for patent which was dated the 10th August 1858 was refused on the grounds, (1st) that three years had not elapsed from the date of entry, 4th April 1856, and (2nd) that it was impossible to credit him with residence within the two mile radius as he had not complied with the requirements of the Act in that respect in proving only that he resided within the two mile radius" [illegible]

While the district of the South West Bend Reserve contains many not be so well adapted for grain growing as the [illegible]

of cattle and
while therefore it may
not be advisable for
the Squatter to break
and cultivate any
considerable area of
his homestead if he
desires to take advan-
tage of the Two Mile
Radius Clause of the
Act which makes
a Specific area which
must be brought
under cultivation
in order to enable
the homesteader to take
advantage of the privi-
lege provided by the
Clause the Minister has
no power to alter the
conditions stated in
that clause with regard
to the number of acres
to be brought under
cultivation.

the land for some years prior to that date. His application for patent which was dated the 1st of August 1879 was based on the grounds that that he had not resided upon the said entry the requisite 3 years and that it was not possible to credit him with residence within the meaning of the law as he had not complied with the requirements of the law required in that behalf "homesteading the land" by cultivation & building thereon the "actual bona fide" residence

Now the district of South Dakota is where the climate & natural may not be as well adapted for timber growing as the raising of cattle and while therefore it may

may not be advisable for the Chinaman to break and cultivate any considerable area of his homestead if he desire to take advantage of the Pre-emption Act which frames a species of law which can be brought under cultivation in order to enable the homesteader to take advantage of the provisions provided by the Act because the Minister has no power to alter the conditions stated on that account with regard to the number of acres to be brought under cultivation.

Alex W Stange went out with me on N.11. April 883. settled there with me and lived on adjoining section of the homestead in claim, May 1st 883 since surveyed.

First May 1883 first settlement

I am a D L Surveyor practicing Commenced survey 883 & Mr Stange gave notice of settlement through him in the manner usual since my Survey settled.

Completion of survey was long delayed, and completed entry, on homestead and pre-emption was allowed till the survey had been revised and authorized as correct.

Fall. 1883 Survey entry

1883 Entered Homestead and obtain Leased in homestead for pasture & leased off 3 acres for cultivation.

1884. Got out logs and built walls of house

883 Put in crop of oats and put on 20 head of Cattle, and have lived from them since.

1885 Rebellion prevented further improvements that year; A.W. Strange having volunteered
Rebellion Service and enrolled as a troopper in the Atlantic
transferred to [illegible] but was subsequently transferred
to [illegible] wards, and did Scout duty until
Close of operations, without [illegible]
His name had not appeared
on the pay lists of the [illegible] division, & declined
& forward his application for a Military
bounty warrants, which would have
covered his homestead [illegible] amt.
I trust therefore his service may be
considered in connection with the
Claim he now makes in his entered
pre homestead & preemption.

1886 By the severe [illegible] of this year
[illegible] followed the burning of the Range
by Indians & lost 50 per cent of his
stock. He now has 30 [illegible] with
cattle, a team & horses & waggon, plough.
& farming implements &.

1888 Crop of Timothy
Residence Residence.
From May 1st 1883 & during 1885, & A.W. Strange
lived on [illegible] claim
adjoining his own. During that period
he has been away three times - 6 months each
time. The first absence was caused by an
Axe wound: and the [illegible] country until through
a course of instruction in the Cavalry school from
which he received a first class certificate
[illegible] him an efficient volunteer
during the rebellion.

since 1st April 1888 he has lived [illegible]
wholly on his homestead.

Improvements

Improvements Log house Stables corrals, well fencing &c. may be valued at $1200 each.

He entitles claimed his patent under the amendments of 1884 & the Dom'n Lands Act but the [illegible] of 20 acres of his pasture would be disastrous [illegible] him as he is [illegible] in stock raising.

You are aware that the [illegible] of the amendments [illegible] shown in [illegible] Lands has been very large [illegible] in S.W. Alberta in cases where the Claimants have been [illegible] same put in stock, same made improvements of correspondingly value under all the circumstances of his 7 years residence Rebellion service Stock raising and improvements &c. My dear Minister,

On looking through this correspondence I note what you have endorsed on Mr. Pereira's memorandum of the 25th May, 1889. If these people are not obliged to live upon the land and are not obliged to cultivate it, in what way do you think the Dominion Lands Act can be amended so as to enable us to give them a patent for it?

I am today in receipt of a letter signed by Edmund Dixon & Co enclosing a letter from Fenton & Co enclosing [illegible] it is evident that from a desire to get the matter [illegible] prompt and intelligent attention was expected from [illegible] with [illegible] as those [illegible] are [illegible] dated 16th February 1893 - a Lieutenant of intelligence is known I cannot see, as to [illegible] certainly am not responsible, received the letters from Edmonton on 20th June 92, and wrote them at once and gave a memo of fees and telling them [illegible] on the 2nd June [illegible] in answer to a letter from them dated 2nd June telling them the fees must be paid - and again wrote on the 2nd July as soon the fees were paid a very considerable time elapsed, and at last the fees were paid - Fenton & Fenton of Calgary came to the office and the papers were

completed and the Certificate handed to Mr. Stanton. The Fees were received at a time when there was [illegible] and full employment and if anyone is to blame certainly it is the person who did not insure the services of Mr. Stanton in the matter. You did write me on the 20th ult. stating that I should proceed with this office but to insure that the Fees must be paid. In this case short notice on receipt of the papers in order to prepare as the Fees are demanded. The subsequent delay [illegible] was prompted by circumstances over which I had no control. The papers will be submitted to the Commissioner of the Land Titles Office

Dear Sir:-

I enclose you copies of some [illegible] re an application of this to the Land Board of the [illegible] with the answer made by the Board. All the papers were sent to the Minister of The Interior by me on the 24th August last but I have got no answer to my application beyond an acknowledgment of their receipt, which I enclose.

The facts are these:-

I purchased the [illegible] quarter [illegible] Range [illegible] Meridian. The land office is at Dauphin, and Range 20, West of the Second Meridian. The land office [illegible] the market for some time, so when I registered [illegible] the land office and had the entries [illegible] entry, and to my surprise when I went to the office I found that a man named Walker had entered for my lot although I was in possession. I [illegible] improvements &c and the officials refused the application to show that there is no improvement [illegible] on the lot, this should be [illegible] affidavit. I applied to have Walker's entry set aside but was refused, then I could enter into the matter and [illegible] prescribed by the law, as I was backed by the [illegible] and the evidence of the [illegible] entry [illegible] by a trick that Walker [illegible] Dauphin, and supported by the officials to get [illegible] [illegible] the rep-

provision of the statute. I submitted to the loss because I felt that I had let some time pass and so in a measure opened the door by which they counted me out of the lot. I noticed that during the year when the date came to put this entry Walker did nothing on the lot, and even recently on it, and the lot was neither occupied or improved in any way by him or any one for him so after the expiration of the year I went to the land office, paid in my money and filed the affidavits, of which I enclose you copies WR, and demanded my entry for the lot as being vacant land. Strange to say within twenty four hours after my application Walker had four or five teams at work ploughing on the lot, of course the government officials did not give a hint.

The matter was referred to the Land Board and I received the notice, a copy of which I send you enclosed. How else if bona - fide settlers are to be put in this way and their property to be taken from them unless friends of the Crown Land officers easily to get [illegible] I think it is time for the people to rise in rebellion [illegible] the rich.

[illegible] a Board of English holding [illegible] a homestead [illegible] himself [illegible] the statute that he ought to fulfill the positive terms under [illegible] my present course hold it against a bona fide applicant [illegible] my application and in addition had [illegible] the very lot in question by the notice of the man who [illegible] has failed to fulfil the terms of the statute. Surely, if [illegible] letter of the law was to be acted up to and the man who [illegible] by perjury or collusion with the officers got possession of land, should be strictly held to the fulfilment

of the wrong of his brethren. But the fact is that in this country I feel that we are not receiving from the press co-operation by exacting it. The great men officers here are friends of Walker's. He is rich, I am poor. Two and two are four. That shows how I [illegible] such circumstances. The Minister has all the papers. Walker can [illegible], and I am turned out of work and [illegible]. Surely there is some redress. We poor men are beginning to feel this is not the country for us unless we have [illegible] our own. The government Land Board and officials is arrayed [illegible] the poor brethren and [illegible] people [illegible].

I [illegible] will [illegible] if [illegible] just [illegible] shares. I'll go [illegible] by them. [illegible] papers. [illegible] I [illegible] of [illegible] [illegible] [illegible] [illegible].

I remain Sir,

[illegible]

[illegible]

Yours

...man who had jumped my claim and either by chicane
...connivance with the private of the officers of the land
...office by making a false declaration had got into possession
...of my land.

...applied to be witness for the 1st plaintiff full affidavit
...of all the facts and swore to pay money $20.00. At this
...time Major Walker had not done a single turn on the land alth-
...ough the year during which by provisions of the statute he
should have done or made certain improvements on the land a
year had more than elapsed; and knowing this to be the fact a
certain _____ was actually on
the way to apply for the entry as I am told and know to be the
case while I was in the land office making my application.

I inquired every thing done in the land office was known
only to the official and it seems peculiar that within a few
hours after my application for entry a number of teams were at
work on the section plowing for Major Walker.

I say on my oath that the amount of land Major Walker
will clear and be in crop is small in comparison and Major Walker's
object in having the work done was to get in crop so that
should the land ever be open for entry to pre-emption he might
retain the amount of land that I also swear that there was no
reason why Major Walker could not have made the plaintiff rea-
sonably sure of land and I also swear that the plaintiff was
forced by the conduct of Major Walker and his employees to
abandon the land after a settler had made an effort to
do so.

I swear I applied at a land office after the proper
work and time and I also declare that I believe that I was
cheated out of my land by Major Walker in an improper
[illegible] of the Crown land officers.

Minister of the Interior.

Sir:-

I had hoped to have the honor of placing the enclosed statement of my complaint and claims in your hands personally. I am told that you will not remain over in Calgary as I have to be content to enclose my statement to you.

I am reminding most respectfully at your hands strict Justice and an enquiry into this matter. I propose to verify this statement by affidavit if necessary and to send a copy of the same to the press and to leading members of parliament but before doing so I refer the matter to your personal consideration. Every word of my statement I can substantiate. I could mention that when I was trying to get Major Miller's story cancelled in Lieu of Lieutenant Parsons in my presence that Mr Clarke, the homestead inspector visited the lot and reported no improvements. Within the next month I met Mr Clarke and he said he had not made such a report that he had not been over the lot, yet on Mr Clarke's declaration I had to make had no improvements although the statute required that I should make improvements. I submitted to this decision in the strictest interpretation of the law. Under the circumstances I could be established with equal strictness if the law failed to do what the Act

In this second case I asked that the Inspector be sent at once to see whether there were any improvements but the Secretary [illegible] refused saying he could not send the Inspector without orders from Washington or the Department * yet stands to pay within three days from xx my application [illegible] Walker's term were busy brushes on the section I would again respectfully ask you to have justice done in this matter.

I would particularly direct your attention to the principle of Charging a fee of $10 for preparation of patent for such small areas.

This I think should be done, and is but carrying out the policy adopted in such cases, at least at Edmonton where parties desired patent direct from the Crown for Certain town property. then this fee was charged as payment of Cost of preparing such patent.

One John A. Patterson who has homesteaded and pre-empted the E½ 4 23-29 W 4th called on me on the 23rd instant, and stated that unless he can obtain a small portion of the N W¼ 4 he will be cut off from the River by a Cut Bank

The annexed diagram illustrates roughly the position as stated by him. He states Mr Sparrow owns the S W¼ of 9 and if he obtains the part of the N W¼ 4 marked "B" he would have ample River front and he (Patterson) desires greatly to acquire the portion marked "A". As Sparrow has to bear the expense of Survey, I think Patterson should, if he receives "A" pay one half the cost of same, and probably Mr Sparrow, on that being represented to him, waives his claim to "A". Should he not then do not carry out the sale to him till this matter is inquired into. Mr Sparrow was informed that that portion of the N W¼ would be sold to him at $2.50

acre, but that was based on the assumption that the Township map correctly illustrated the position of affairs, which according to Survey recently made, would appear to be erroneous.

I understand both parcels "A" & "B" do not exceed one acre in area, so that I presume, in addition to paying the red price $2.50 per acre, a fee of $10 should be charged for preparation of Patents. If Patterson obtains "A" and Sparrow "B" each should, I presume be charged said fee. At all events I would suggest that it be Collected and a Refund Cheque can be issued them if it be decided such a fee should not be collected.

The plan of Mr Macmillan's survey on

and appears to be correct

If, as is probable Mr Macmillan's survey is accurate then the Dominion survey of the west bank of the Bear River at that part, made by C E Satchell P.L.S must be considerably in error, and the area in the N.E. ¼ sec. 1 and S.E. ¼ Sec. 12 included in Fish Creek Reserve contain considerably less than there shown on our township plans and instead of with Fish Creek Reserve. We must compile a new plan to include this survey without a new survey being made of the west bank of the river.

Sir,

I beg to acknowledge your letter of the 7th ultimo, No. 18452, Ref. 22237, enclosing an application from Mr. W. R. Hull to purchase certain lands, which lands are contained within the island in the Bow River in Sections 1 and 12, Township 23, Range 1 West of the 5th Meridian, and Section 4., Township 23, Range 29 west of the 4th Meridian. Some little time ago Mr. D. A. MacMillan, D.L.S., forwarded here a survey of that portion of the island north of sections 1 and 12, which the Surveyor General states is satisfactory. I therefore beg to enclose herewith a plan which is compiled from the two townships mentioned showing the island as it is now surveyed in sections 1 and 12, 23, 1 West of the 5th, and section 4, 23, 29 West of the 4th. Upon this plan you will observe that two portions of the island have already been disposed of, being the North East quarter of 1 and a portion of the North East quarter of 12. The remainder of the island can be sold to Mr. Hull at the current rate per acre, the area of which is as follows:

S.E. 1/4

32.1	acres	in	the	N.E.	of 12.
58	"	"	"	N.W.	" 4.
17	"	"	"	S.W.	" 4.
34	"	"	"	S.E.	" 4.
142.1	acres.				

In notifying Mr. Hull you can inform him that the sale will be made upon the usual terms, namely, one quarter cash at the rate of $3 per acre, and interest upon the unpaid balance at the rate of 6% per annum, interest to be charged from days after the date of such notification; the balance of principal payable in three equal annual instalments.

Memorandum:-

On looking into the subject of the sale of the Irish Creek Farm to the honorable Theo. Robitaille, I find that the easterly limits run as far as the west channel of the Bow River, that is, including the east half and south east corner of Section 4, bounded on the east by the channel of the river meandered, and therefore very naturally the island in the Bow River applied for by Mr. Hull would be quite an acquisition to the farm especially as in low water the channel of this river becomes almost dry. The price paid for the land by Mr. Robitaille was $3 per acre, and therefore Mr. Hull cannot expect to get the island at any less rate.

We are in receipt of a letter from Mr Graham of Dominion Lands Calgary with reference to the Island Lake Reserve which Island comprises part of Sec 4 23.1 and part of Sec 5 23.1 and part of 4 23.2 and contains an area of 117.1 acres.

The letter from Mr Graham instructs us that the price for same has been fixed at $3.00 per acre. We beg to say that we are quite willing to pay this amount but understand that the land will be of no practical use to us, except that it is covered with timber, as it is on the boundaries of our farm on Pine Creek and is valued by us at $150 per acre. We should think that $3.00 per acre would be a fair valuation for same.

Dear Sir

Since my return to Calgary I have had some conversation with parties regarding the Island in the Bow River which Island is within the boundary of my Farm as per Survey made by Dominion Land Surveyor Fred. H. Lynch-Staunton in 1893, and I think I told you that applications had been made for the purchase of this land.

Since my return to Calgary I have been informed from the Land Office that I could not have the Island unless I purchased it, and I am informed by Mr. Lynch-Staunton that the Island contains about 25 acres and that the Department have placed a value upon it of $125 per acre. As this Island is nearly a part of the River and no practical use to the Farming land, and I simply wish to purchase it as it lies within the limits of our Farm, I should think $150 a fair price for the land and would

My dear Minister,

Mr. W. R. Hull, of Calgary, has applied to purchase the portions coloured in green of the island shown on the larger plan herewith, containing about 142 acres. Mr. Hull is now the owner of what was formerly the Indian Supply Farm at Fish Creek, the limits of which are shown upon the smaller plan, which some years ago was sold to the Hon. T. Robitaille, being no longer required for the purposes of the Indian Department. Mr. Hull is one of the pioneers so far as irrigation work in the Territories is concerned, and this farm, which is comparatively near Calgary, is visited by a great many people from time to time who are interested in the subject of irrigation. I have seen the place myself, and can testify to the efficacy of the methods of irrigation which he has employed.

Encs.

Mr. William Pearce, Superintendent of Mines, reports that he has personally inspected the land which is the subject of the present application, and finds it to be of little value, being almost wholly water-washed gravel, and he is of the opinion that were it not that Mr. Hull requires it in connection with his irrigation works, it would remain for many years undisposed of. Mr. Pearce further states that the public interests would be well protected if the land were sold at the rate of $1.50 per acre, and I therefore recommend that Mr. Hull be permitted to purchase the land at the rate mentioned.

RECEIVED

Sir,

In reply to yours of the 14th Inst.re cancellation of a portion of the Pre-emption of Mr. John Patterson, and sale to Mr. W.E. Hull, I beg to advise you that on the 14th day of July,1885, Mr. John Patterson Homesteaded the N.E.¼ of Sec. 23, 29, East of 4th Mr. and Pre-empted that portion of the S.E.¼ of the same Section lying East of the Bow River. On or prior to the 8th of May,1893, his application for Patent was approved, and he was notified that his Pre-emption must be paid forwith, and in two years from that date. It has not yet been paid for, and no portion of the land entered by him as a Pre-emption has been sold to Mr. Hull, or any one else.

That portion of the S.E.¼ of Section 1, lying on an Island to the west of the main channel of the Bow River, has been sold to Mr. W.E. Hull, at a less price than the regulations prescribed, as an inspection showed it to be largely a gravel bar, and of little or no agricultural value. If you could make it convenient to call at this Office, I would show you the Township Map, under which the entry was granted to Mr. Patterson, (and also a recent issue of same corrected), and it may be that a suggestion may be made which would be of advantage to your client.

Dear Sir.-

Re John Patterson

I have been instructed to forward you enclosed copies of correspondence between Mr. Pearce and myself with the statement of the following facts in connection with this case.

In July 1885 Mr. Patterson pre-empted the S. E. quarter of section 4, Township 23, Range 29, West of 4th Mer. Neither on his receipt nor on the entry in the Land Office books was any reservation made or any mention of the River.

The Township Plan then in use in the Land Office dated the 14th of April 1885, shows no land west of the Bow River on this quarter section, but shows the River running along the western boundary of the quarter section . and shows 118 acres as being the total area of the quarter section.

Either the first Survey was incorrect or the River changed its boundaries, and a new Survey was made of which the plan is dated 23rd of Sept. 1889. more than four years after Mr. Patterson had entered for this land.

The new Survey shows 83 acres on the east bank of Bow River and 34 acres on an island, making 117 acres in this quarter section or one acre less than the original plan according to which 118 acres were entered in the Land Office books opposite Mr. Patterson's original entry .

On the 26th day of Oct. 1896, the department sold to Mr. W. R. Hull the 34 acres mentioned without any notice to Mr. Patterson, and apparently without any cancellation of his right to the said land. The entry for sale to Hull appears on the Land Office books immediately below 118 acres to Patterson, making 152 acres apparently disposed of out of a possible 117.

The fact that Mr. Patterson considered as did everybody else who had knowledge of the circumstances, that he was entitled to this land and was quite willing to pay for the same at the ordinary price of

$2.50 an acre, whereas Mr. Hull secured it without publicity or competition at a much less figure, would appear to show that it was not the financial interests of the Government that influenced Mr. Pearce in his recommendations.

Sir,-

In reply to yours of the 18th inst. re cancellation of a portion of the Pre-emption of Mr. John Patterson, and sale to Mr. W. H. Hull I beg to advise you that on the 14th day of July, 1886. Mr. John Patterson homesteaded the N. E. quarter 4-25. -26. West of 4th M. and Pre-empted that portion of the S. E. quarter of the same Section lying east of the Bow River. On or prior to the 8th of May, 1893. his application for Patent was approved, and he was notified that his pre-emption must be paid for within two years from that date. It has not yet been paid for, and no portion of the land entered by him as a pre-emption has been sold to Mr. Hull, or anyone else.

Sir,

Re file of year office 5427

One John A. Patterson who has homesteaded and pre-empted the E. 1/2 4-23-29 W. 4th, called on me on the 22nd inst. and stated that unless he can obtain a small portion of the NW 1/4 4 he will be cut off from the river by a cut bank.

The annexed diagram illustrates roughly the position, as stated by him. He states Mr. Sparrow owns the SW. 1/4 4 and if he obtains the part of the NW. 1/4 marked "B" he would have ample water front. What he (Patterson) desires specially to acquire is the portion marked "A".

As Sparrow has come to the express of Patterson, should, if he acquires 'A'. of Patterson, I think Patterson, should, if he acquires 'A'. was one half the cost of same, and possibly Mr. Sparrow would, o that being represented to him, waive his claim to "A".

Should he not, then do not carry out the sale to him till this matter is enquired into. Mr. Sparrow was informed that that portion of the NW. 1/4 would be sold him at $2.50 per acre, but that was based on the assumption that the township map correctly illustrated

trated the position of affairs, which according to survey recently made would appear to be erroneous. I understand both parcels "A" and "B" do not exceed one acre in area, so that I presume in addition to paying the net price $2.50 per acre a fee of $10 should be charged for preparation of patent. If Patterson obtains "A" and Sparrow "B", each should, I presume, be charged said fee. At allevents, I would suggest it be collected, and a refund cheque can be issued then if it be decided such a fee should not be collected.

I have the honor to be,

Patterson's entry as per Township Register described as South East quarter four, twenty three, twenty nine, , area , one hundrfd and eighteen four hundreths acres, being area lying East of Bow River, as shown by Township Plan of that date; Application Register same area, in pencil, stub receipt calls it South East quarter, no area given. Am writing.

In further refdrence to this enclosed find copy of a letter from A.L. Sifton marked A. andmy reply marked B. In this connection see also Tp. map of 23, Rg. 29 dated 14th. April 1885, under which entry was effected, it will be obsedved by it, that only the part East of the river was granted Patterson , viz. 118.04 acres, there are two acres to West. The Agent could have granted none on West bank, as it was alreaddy disposed of of Fish Creek Indian supply Farm according to Tp. map none of the island comes either on the H. or P. of patterson, and even if any portion did lie within their areas, it under instructions was or st least should have been, reserved; Further even their entries were not as a

A. M. Burgess Esq.

as a rule granted to bothe banks of the Bow River, See Tp. map dated 23rd. September I889, showing conditions ast they exist,

As having a bearing on this case, enclosed find copy of a letter from me to the Agent, dated the I5th. September I888 marked C/ second letter to Agent dated 25th. March I889, marked D. A letter from Patterson to myself dated the 20 April I889 marked E. a letter from self to Agent marked F. dated the 25th. April I889. also a letter from you dated April 8th. I889 Ref. 202035, addressed Calgary Agent.

The exhibits C. D. F. and F. please return it being Saturday afternoon cannot have copies made.

Patterson when he made hi s entries did supposing he obtained all the land on the on the E. ½ of said section, lying east of the main channel of the Bow River and he can still obtain it - If.is true the combined area as shown on then existing was 278.04 acres and in reality only contained 2I0 a difference of 77 acres, The E. ½ Sec. to-day would not bring more than the Government price, in fact as experience has shown very few preemptions are paid for situated such as this, and Patterson's delay in payment, possibly arose out of intention to abandon ; Patterson has received I57 acres as a homestead, and it might possibly be only equitable, under the circumstances to grant him in addition the N. ½ of Le g. Sub. No. 8 of same Sec. making in all I57 acres, then if he wished to acquire the remainder of the S. E. ¼ lying East of the river would require a payment for only 63 acres. That was what I had in view, when I asked Mr. Sifton to call at this office . He did so when I was absent at Banff on account of my brother-in -law's illness.

I might point out that in my letter of the I5t. September I888exhibit C. I stated that if even if the island were sold, it should be in connection with the land on th the other side of the river. The channel between the

the island and the S.-W.- bank of river has no water flowing over it, the greater portion of the year. Between the island and the North bank except at certain points in the winter season the river a cannot be crossed. As a matter of interest it might be noted that until after Sparrow made his application to purchase the N. W. t he supposed the Tp. map was correct, , that was in 1888 and until about the same time Patterson also thought so. It would seem almost incredible that two intelligent men should be living for years at this point on the river and not discover that the map was erronious;

I remain

DEPARTMENT OF THE INTERIOR

Ottawa, 12th Feb., 1897

Memorandum:

You will remember that immediately after you sent me the note underneath of the 30th ultimo, in regard to the S.E. ¼ of Sec. 4, Tp. 23, Range 29, West of the 4th Meridian, I showed you the township plan and the papers and called your attention to the fact that on the 28th October, 1895, the Chief Clerk of the Patenting Office, in reporting on the application of Mr. W. R. Hull, stated that the island in question, with the exception of a small portion forming the N.E. ¼ of Sec. 4 and another small portion forming part of Sec. 1, was clear in the records of his office and in those of the Timber and Mines Branch, and that he knew of no reason why Mr. Hull should not be allowed to buy what he had applied for. On examination of the grounds upon which this report was made I discovered, as I reported to you at the time, that the register did very clearly show that the land was at the disposal of the Government ; and from the reports which have recently been received from Mr. Pearce it is equally clear that his registers showed the same thing, both sets of books indicating the main channel of the River as being the boundary of the land entered by Patterson as his preemption. A comparison of what might be called the original plan, the result of the defective survey of 1885, with the later survey to which Mr. Sifton referred in his letter to you, showed such discrepancy that I thought it desirable

The Hon. Clifford Sifton,
Minister of the Interior,
Ottawa.

desirable, in order to be quite sure where the Department stood, to obtain from the records of the local Land Office a statement of what the receipt-stub shows as to Patterson's preemption. The Agent was telegraphed accordingly, and in his answer states that the township register describes the land as the S.E.¼ 4, 23, 29, area 118.04 acres, being area lying east of Bow River, as shown by township plan of that date; that the application register gives the same area in pencil ; and that the stub of the receipt calls it S.E. ¼ without giving any area. I am assuming that the receipt and the stub show exactly the same thing, and if they do there can be no doubt that Patterson would probably on strict technical reading of his receipt be entitled to the whole quarter-section, if he had paid for it.

On the 8th May, 1893, Patterson's application for patent was approved, so far as his homestead was concerned, and he was notified that his preemption must be paid for within two years from that date. To have any strict legal right to this land Mr. Patterson would require to have paid his purchase money on or before the 8th May, 1895. He however has not paid a dollar on account of either principal or interest ; and there is no legal reason -- and for that matter no good equitable reason -- why the whole quarter-section should not have been sold to Mr. Hull or any other applicant.

The fair and reasonable view of this matter appears to me to be that as Mr. Patterson did not make payment within the time prescribed by the law, and as the Governor in

Council

Council, even with the new light thrown upon the case, was clearly within his authority in approving of the sale to Mr. Hull, there is no just ground on which we could either cancel or defer that sale. It is, of course, true that if we had understood the circumstances at the time as we understand them now, the sale would not then have been made to Hull. On the contrary, it is quite probable that a reasonable limit of time would have been prescribed within which Mr. Patterson would either have had to pay for the whole preemption at the regulation price or have his entry cancelled. As it is, Mr. Pearce suggests that since Patterson's homestead is only 137 acres in extent, it might under the circumstances be only equitable to grant him the N. ½ of Legal Subdivision 8 of the S.E. ¼ which would make up his homestead area to 157 acres, or within 3 of the theoretical area of a quarter-section. This would give him 20 acres of good land free, whereas what is included in the grant to Hull is merely a gravel bar of 34 acres in extent. This concession should, however, be made on condition that Mr. Patterson pays for the balance of the S.E. ¼ at the price ruling when he made entry, namely, $2.50 per acre with interest at 6 per ce t from the 8th May, 1895.

Respectfully submitted,

H. D.M.I.

Dear Mr. Pearce,

I beg to send you enclosed, for your information, a copy of my report of the 12th ultimo to the Minister with reference to the Patterson-Hall case, and to say that the following is the Minister's decision thereon ;-

"I think I would adopt the former, but Mr. Bray's suggestion seems a better way out of the difficulty. There is no need to force Patterson to pay for the pre-emption at once. If he pays up the arrears of interest it will answer for the present."

Please notify the parties accordingly.

You will observe that I did not recommend or even suggest that Patterson should be required to pay at once

Dear Sir,

Your letter of July 29th just received. I did not answer letter of March 15th received from Mr Pearce because it simply contained information as to the decision of the Minister and asked no questions.

Your letter would appear to contain a request to know whether this is satisfactory to me and if so I must say it is not.

Under the circumstances and in order to settle the matter and allow Mr Hull to have the land he wants, I would be satisfied to take only the portion of pre-emption on the main land provided I got it now for $ 1.50 per acre cash , the same as Mr Hull which figure is under existing circumstances all the land is worth .If this is satisfactory I will also seel Mr Hull the Balance I have on island at same price which will satisfy him.

Yours truly

Memorandum.-

The South East quarter of Section 4, Township 23, Range 28 West of the 4th Meridian is the subject of a pre-emption in the name of John A. Paterson. As far back as May, 1893, Mr. Paterson's application for patent for his homestead, the adjoining quarter section, was approved by the Commissioner of Dominion Lands, but up to the present time he has never made an effort to make any payment on his pre-emption. Mr. W. S. Hull, of Calgary, made application to purchase a portion of this quarter section, being the island portion lying within the Bow River, and his application was, overlooking the fact that Paterson's pre-emption had not been cancelled, entertained and he was allowed to buy that portion of the quarter section, being somewhere in the vicinity of 34 acres, at the rate of $1.50 per acre in accordance with the valuation placed upon it by Mr. Pearce. Before, however, this transaction was carried out Mr. Paterson claimed his right under the pre-emption entry, and the sale to Hull was not proceeded with. A proposal was made to Mr. Paterson that as his homestead contained only

Jas. A. Smart, Esq.,
Deputy Minister
of the Interior.

only 137 acres in extent, he should be allowed the North half of Legal Subdivision 8 of the South East quarter, which would make his homestead up to 157 acres, and that he should surrender that portion of his pre-emption lying within the island, paying for the balance of his pre-emption at the rate which ruled when he entered for the same, namely, $2.50 per acre. This proposition Mr. Paterson refuses to entertain. He, however, makes a counter-proposition which is to the effect that he would be satisfied to take only the portion of the pre-emption on the mainland provided he could get it for $1.50 per acre, the same rate at which Mr. Hall was allowed to purchase the island portion, which if granted he would sell to Mr. Hall the balance of the ~~island portion~~ land lying within his homestead at the same rate.

Under the circumstances I think that Paterson's proposal should not be refused, he, however, to pay interest from the time of the expiry of the two years after the approval of the recommendation for patent.

As you will observe, I have secured an extract from the field notes which shows the land on the eastern boundary, which is that portion on the mainland, to be of third class only.

Yours truly,

Referring to yours of the 29th ult, 437306, Ref 390718, relating to the S. El ½ of 4 - 23 - 29, west of the 4th, I beg to inform you that Mr. Patterson was notified on the 5th instant in accordance with the instructions contained in same. It is not altogether clear to me whether you intend that Mr. Paterson should pay for the whole of his pre-emption as it stood before a portion was sold to Mr. Hull or whether he should pay $ 2.50 an acre for that portion outside of the area disposed of to Mr. Hull. Mr. Paterson has not yet replied to this office letter which was sent him on the 5th and I would not be surprised if he does not do so. In case he declines to pay $ 2.50 an acre and the land is cancelled and then afterwards ~~the land~~ it is disposed of to Mr. Hull or some one else at $ I.50 per acre, he (Paterson) will have a grievance. After all would it not be as well to have the land examined by the Homestead Inspector and if it is found that it is not worth more than $ I.50 an acre to accept his proposition. In my own opinion this would not be necessary had the Department not sold a portion to Mr. Hull.

PATENT BRANCH.

Dear Sir:-

William Roper Hull of this City holds a receipt from the Dominion Lands Agent Calgary No. 4212 and dated Oct. 26th. 1896 for the purchase money for the following lands namely

N. E. of Sec. 12 Twp. 23 Range I West of the 5th. 32.I ac.

N. W. of Sec. 4 Twp. 23 Range 29 West of the 4th. 59 ac.

S. W. of Sec. 4 Twp. 23 Range 29 West of the 4th. 17 ac.

S. E. of Sec. 4 Twp. 23 Range 29 West of the 4th. 24 ac.

on an Island in the Bow River. Mr. Hull has never received the Patent for these lands and you might please forward same as soon as possible.

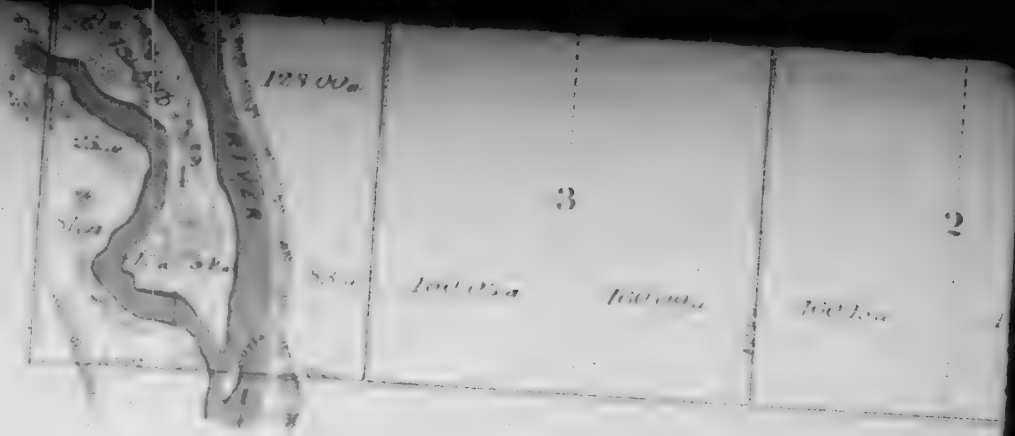

We think that there is a mistake in regard to the first mentioned peice of land as from plan of lands in question we do not see how any part of the island referred to could be in the N. E. of 12, 23 , I W of the 5th and we find that the Registrar has granted a certificate of Title for the whole of this Quarter Section to a third party. and as Mr. Hull understood

S. Dept. of Int. 2.

at the time that he was purchasing the whole Island with the ex. exception of the part of it that lies in the N. E. of Sec. 4 Tws. 23 Range 29 W of the 4th. we are of the opinion that receipt should read for that part of island in the N. E. of Sec. I. Tws. 23 Range I W. of the 5th. Then as there are only about 630 acres in Sec I it leads us further to suppose that this is where the mistake has occurred.

As we are anxious to have a Patent issue in favor of Mr. Hull for the land in this island with the exception above mentioned we would be obliged if you would kindly attend to above at your earliest convenience and oblige,

Ottawa, July 2nd, 1908.

Gentlemen,

Replying to your letter of the 21st ultimo, I am directed to say that a patent for the lands mentioned was issued in favour of William Roper Hull on the 28th December, 1898, but that delivery of the same was stayed owing to a question having arisen as to the right of one John Patterson to part of the lands embraced therein, and when this question was settled the fact of the non-delivery of the patent was overlooked. However, the patent was sent to the Registrar at Calgary on the 28th ultimo and Mr. Hull was advised to that effect. The patent covers the lands mentioned in your letter, except the portion of 12--23--1 W. 5th M., which is the S.E. 1/4 instead of the N.E. 1/4 and which will explain the apparent mistake referred to.

Your obedient servant,

P. G. KEYES.

The Honorable
Minister of the Interior

Sir

I beg to make an application for the right to purchase those parts of sections twelve and one in this township and Range that form part of what is known as the "island" it lying adjacent to my homestead which is lacking seventy acres of being a full quarter section and is to small for purpose of mixed farming here

I have the honor to be
Sir
Your Obedient Servant

Ex parte Ordeal 35/635.

Secs 14/12, Tp 73 Rge 17 W 5.

Samuel Bigmore applies to purchase an Island in Bow River, in Sec 14 Tp 73 Rge 17 W 5, "adjacent" to his Homestead.

Bigmore's Home the S½ Sec 14, Tp 73 Rge 17 W 5, contains 90 acres & was patented to him 3rd Sept 1891.

According to the Dp plan, there is no Island in Sec 14, & none adjacent to his Home.

There is a portion of an Island in Sec 1, but this is included in C.P.R. Grant No 1633 & is not adjacent to Bigmore's Home, as Crime Sale No 1903, to Theodore Robichaud intervenes between his Home & the Island in Sec 1.

Dear Sir:

Re: McRae Hector
SW 28-20-1-5

The matter of an adjustment of the seed grain or relief indebtedness outstanding against the above has been referred to the undersigned, constituted to deal with cases in the Province of Alberta, and an investigation having been completed, I am now in a position to furnish the following report:

The indebtedness, with interest computed to 31st March, 1942 is as follows:

Lien.	Principal	Interest	Total
1896	$26.30	$61.87	$88.17

for which there is no security, the liens being unregistered and the debtor is either dead or cannot be located.

It is accordingly recommended that the indebtedness be written off as a loss and the account closed in the records of the Department.

All of which is respectfully submitted,

Although I have recommended Logan's application I have told him that I did not know if you would approve it and object was more to have it ready at your office if he breaks more land. His contention is that he could not get any body to go there and thrash his grain if he raised any, hence his going into stock raising; his other improvements are not very valuable. It is poor and of course cannot be fast. Logan is a good settler.

Dear Sir: I think I am entitled to a second homestead and would crave your permission to submit the following facts for your consideration when I can write to advantage. I came here and began improvements on this place: N.E. ¼ Sec 30. T 136. R 60 E. 4th P.M. on October 1st. 1884 and have resided here continuously ever since except one month during the rebellion of 1885.

When I came here and took up the land I applied to make an entry but was told that the survey was not yet in shape to grant me land and I had to wait until December 19 1885 but had my duties completed before that and received my recommendation for a patent the next year dated Mar 29th 1886 (countersigned) the recommendation being dated Feb 21st 1889

21430

as it was not through any fault of mine that I did not make my entry before I think that you should take that fact into consideration.

The local land office refused to do anything for me and I have appealed to you in hopes that you will consider my request favorably.

Yours truly,

M. E. Lorain.

Answering yours of the 11th instant, I beg to advise that Mortgages Nos. 1561 and 1569 given in 1876 by John Eccles are now a charge against Lot No.206, St. Norbert.

According to our records Mortgage No. 1590 given in 1876 by Nathanial Logan was subsequently created a charge against his entry to the North East ¼ of Section 36, Township 56, Range 26, West of the 4th Meridian, and I am by concurrent mail applying for an Abstract of Title thereto in order to ascertain the present standing of our security.

You will, therefore, understand that it will not be necessary to obtain certificates of search in connection with this lot, and as soon as the necessary information is obtained concerning the North East ¼ of Section 36, Township 56, Range 26, West of the 4th Meridian, you will be advised in regard thereto.

Re: N.E.¼ 36-56-26-W.4th Mer.

Your File 51435.

Further to this office communication addressed to you on the 21st ultimo, I beg to advise that an Abstract of Title covering the North East ¼ of Section 36, Township 56, Range 26, West of the 4th Meridian, shows that Mortgage No. 1590 for the sum of $15.00, given by Nathanial Logan in 1876, is duly registered against the same under Instrument No.8216.

In this office communication of May 21st above referred to and in the first paragraph thereof it was intended to state that Mortgages Nos. 1551 and 1569, given by John Eccles, are not now a charge against Lot 208, St. Norbert, and I would also state that the Mortgage for $15.00, given by Nathanial Logan, is not now a charge against this lot.

It would, therefore, appear that a recommendation will be necessary to write off as a loss only the mortgages given by John Eccles, and no mention need be made of the one given by Nathanial Logan.

Re: Account of Nathaniel Logan,
N.E. 36-56-26-W.4th.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1876 seed grain amounting to $15.00 was advanced to Nathaniel Logan on the security of Lot 208, St. Norbert, Manitoba and was later transferred to N.E. 36-56-26-W.4th. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$ 15.00	$ 59.05	$ 74.05

On the 27th of November, 1951, Gerard St. Germain, Barrister, Morinville, Alberta, wrote as follows:-

"Re: Lien #821 G. Norman Logan.

I have been instructed to remove a Lien which is registered as an encumbrance against the North-East Quarter of Section 36, Township 56, Range 26, West of the Fourth Meridian, in the Province of Alberta.

This Lien, in the sum of $15.00 was created by One Logan, who, I am advised, purchased some seed grain from the Dominion Government in the year 1878. I am also advised that the amount of the lien was paid many years ago but the encumbrance has never been removed from this land and only a Discharge from your Department would clear the title.

The Lien is recorded as follows on Land Title #112-R-98:

" 821 G; Lien dated 1-Jan-1878 Reg ....."
" above land to the Crown for $15.00 at 6. "

After negotiations the sum of $44.15, representing the principal and approximately one half of the accrued interest, has been received in full settlement of our claim. Under the circumstances, this is considered equitable.

Dear Sir:

Re: Lien #821 G. Norman Logan,
N.E. 36-56-26-W.4th.

On the 27th of November, 1951, you wrote to us regarding the removal of a Federal Government lien in the amount of $15.00 from the above quarter section. In our reply of the 7th of December we advised you that this account was still outstanding and a recommendation would be made to accept $44.15 in full settlement of our claim.

We have not heard from you and I am wondering if your client is still anxious to have the title to his land cleared. We are endeavouring to make settlement of these very old accounts and it would be appreciated if we could have some reply.

Re: Account of Joseph Corrigal,
N.W. 18-47-27-W.2nd.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1876 seed grain amounting to $41.62 was advanced to Joseph Corrigal on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$ 41.62	$ 159.83	$ 201.45

On the 14th of May, 1952, the Saskatoon Leaseholds Limited, 110 Ross Building, Saskatoon, Saskatchewan, wrote as follows:-

"We are acting as agents for Calvin Snyder of Eatonia, Saskatchewan, who holds a Petroleum and Natural Gas Lease with the owner of the above mentioned land.

The Abstract of Title shows that this land is owned by Richard V. Corrigal of Clouston, Saskatchewan. Against this title is a Seed Lien filed by the Minister of Interior of Canada gainst Joseph Corrigal. This lien was dated June 2nd, 1898 and registered on June 9th, 1898, as Instrument No. D 362 in the Land Titles Office of Prince Albert, the amount of the lien being $41.62. We were wondering if it would be possible for your Department to have this lien discharged in view of its age."

After negotiations the sum of $121.54, representing the principal and one-half of the interest, was received in full settlement of our claim. Under the circumstances this is considered equitable.

We have your letter of the 14th of May, 1952, informing us that there is a seed grain lien in the amount of $41.62 registered against the above land in the name of Joseph Corrigal on the 2nd of June, 1898 and asking if it would be possible to have this lien discharged in view of its age. Our account is for seed grain obtained by Joseph Corrigal in 1876. The present standing is as follows:-

Principal	Interest	Total
$ 41.62	$ 159.83	$ 201.45

There is a Seed Grain Advisory Board which has been established by the Dominion Government for the purpose of investigating these old liens and where warranted to recommend an apportionment or adjustment. In view of the age of this lien the Board would probably be agreeable to accept the principal and one half of the accrued interest. If you will, therefore, remit the sum of $121.54 being the principal and one half of the interest within a reasonable time it will be recommended to the Board that this be accepted in full settlement of the Federal indebtedness.

Re: 1876 Liens.

There are still four accounts outstanding for advances made in 1876 as follows:

	Principal	Interest	Total
1. David Isbister	$ 56.19	$ 218.44	$ 274.63

This charge is against the inner 2 miles of Lot 10, St. James, Manitoba which land is now held by the Rural Municipality of Assiniboia.

2. Donald McLean	$ 47.93	$ 186.44	$ 234.37

This charge is registered against the S.½ of S.½ 21-17-7 E.1st which has been subdivided and part remains with the Municipality of St. Clements.

3. Joseph Corrigal	$ 41.62	$ 157.45	199.07

This charge is presently registered against the N.W. 18-47-27 W.2. The original charge was made against Lot 116, Portage la Prairie but is no longer registered. The widow of Joseph Corrigal claimed on several occasions that her husband has never received the advance for himself but had signed only as surety.

4. Nathaniel Logan	$ 15.00	$ 58.30	$ 73.30

Presently registered against the N.W. 36-56-26 W.4th the advances were originally given on Lot 208, St. Norbert, Manitoba, but were never registered against this land. Title to the N.W. 36-56-26 W.4. now stands in the name of the Estate of Sarah Logan and has considerable value.

I have prepared letters to the registered owners of each of these lands asking them if they are interested in clearing the liens.

Re: Lien #821 G. Norman Logan.

I have been instructed to remove a Lien which is registered as an encumbrance against the North-East Quarter of Section 36, Township 56, Range 26, West of the Fourth Meridian, in the Province of Alberta.

This Lien, in the sum of $15.00, was created by one Logan, who, I am advised, purchased some seed grain from the Dominion Government in the year 1878. I am also advised that the amount of the lien was paid many years ago but the encumbrance has never been removed from this land and only a Discharge from your Department would clear the title.

The Lien is recorded as follows on Land Title #11?-R-98:

" 821 G; Lien dated 1-Jan-1878 Reg.... "
" above land to the Crown for $15.00 at 6. "

We have recently obtained an Abstract of the Title of the above land and note that the property stands in your name as administrator of the estate of the late Sarah Logan. It has occurred to us that you may be interested in obtaining a clear Title to this land and may wish to have the account presented to the Seed Grain Adjustment Board which has been established by this Department for investigating these old accounts and where warranted to recommend some adjustment in settlement. I beg to inform you that the Schedule of Scrip which accompanied your return of the 31st March last, was not correctly prepared, and I have therefore to request you to bear the following matters in mind when preparing such Schedules in future:-

The amounts entered in the column of the Schedule in question, headed "Amount paid thereby" are not the amounts, respectively, of the scrip notes which are therein referred to. The amount so entered, in each case, is in excess of the amount of the corresponding scrip note, and it is evident that you [illegible] part of such amount, the amount of the fees paid along with the scrip, in each of these cases.

It is also quite evident that you have mistaken the use to be made of the two columns, in the form in question, headed, respectively, "Amount of Scrip", and "Amount paid thereby". In the former column, the total amount of any scrip note accepted

According to a report by Homestead Inspector Thompson, dated 3rd June, 1897, there were 1½ miles of fencing valued at $120, and 20 acres of breaking, $60. Sir,

I am directed to enclose herewith in connection with an application which it is stated has been made for permission to make second homestead entry, Mr. R. A. MacKenzie's application for homestead patent for the South East quarter of Section 18, Township 38, Range 26, West of the 4th Meridian, together with a copy of the Departmental letter of this day's date to Mr. MacKenzie. The fact that the application was made on the 19th April, 1890, and was not approved by the Commissioner until the 13th April, 1891, seems to indicate that the applicant did not complete his homestead duties until the latter date. The Agent of Dominion Lands at Calgary in his return dated the 15th February, 1890, reported an interchange of entries to Mr. MacKenzie and quoted as his authority for so doing, No. 120690 and 130511.

Sir,

I am directed to acknowledge the receipt of your letter of the 9th instant, Ref: No.197093, and to state in reply that in view of the facts therein set forth the recommendation that Mr. R.A. McKenzie is not entitled to take a second homestead entry has been approved.

I am to add that it is impossible under the advice of the Department of Justice on the somewhat similar point which arose about counting time before entry, for the Department to recognize McKenzie's performance of duty before the interchange of his original homestead and pre-emption entries was effected, as entitling him to make a second entry.

It is presumed that Mr. McKenzie will be notified of this decision, from your office, in accordance with the request contained in the Departmental letter of the 2nd instant to Mr. McKenzie, a copy of which was forwarded to you on the same day.

Sir,

Referring to your letter addressed to the Department at Ottawa, dated the 11th ultimo, making application to be permitted to make a second homestead entry, I am directed to inform you that it has been decided you are not entitled to this privilege. The matter having been referred to the Department of Justice it advises that the Department cannot recognise the performance of homestead duties by you prior to the interchange of your original homestead and pre-emption entries in considering the question of second entry. The Commissioner regrets, therefore, that your application cannot be granted.

Sir,

On receipt of your letter of the 10th ultimo, No. 351484, the question of the recognition of homestead duties prior to the interchange of homestead and pre-emption entries was looked into but apparently the only papers which relate to this matter are filed on Nos. 190812 and 202027 which have been sent to your office, and therefore I cannot speak definitely as to the exact terms of our reference to the Department of Justice which elicited the advice mentioned in our letter of the 30th June, 1883.

Sir,

Referring to your letter of the 13th inst., File 331177, the Commissioner directs me to say that he is desirous that the point which is has raised in respect of the recognition of residence prior to entry in connection with granting a settler permission to take up a second homestead should receive the fullest consideration, and he hopes that a thorough search may discover the papers which will doubtless afford him the information he desires. Should, however, these not be forthcoming, he would suggest the advisability of making a fresh submission of the case to the Department of Justice, as he thinks that whilst we are willing to concede recognition in the case of an application for patent, we are not extending to the settler the treatment to which he is entitled in refusing him, under such circumstances, a second entry.

Mr. Walsh,

Dominion Land Commissioner

Winnipeg

Dear Sir

I have the honor to inform you that by virtue of the Homestead regulations I have obtained permission to enter for a Homestead at the Edmonton Land District

On the month of September 1882 I entered for a quarter section of land known as the N.W. 1/4 of Sec 9 Tp 38 Rge 27 W. of the 4th meridian and have since made improvements as follows. I have erected a house 18 feet by 18 one storey high, also stables each 7 x 22 feet and on the N.E. 1/4 of the same Sec. 12 acres under cultivation

In the year 1883 I have made further

Verbally by Mr. D. L. Moore who represented himself to me as Manager and Director for Saskatchewan Land & Home Steads Colonization Company. That in order to hold the aforesaid I would have to purchase the said piece of land from the said Company at a very high figure. But being in a position financially & having a large family to support I abandoned the idea. Hence I commenced improvements on part of the land in the way of building a dwelling house and fencing.

I beg now to ask you Sirs to know what to do, so that I may work cheerfully without any hindrance

1st And I solicit to receive a fair remuneration from the Company for my improvements.

2. Or will the Govt grant me

one a pre-emption on a quarter
on the 9. and a Homestead on the
10. so I have in course of erection
a permanent dwelling house 32 x
22 there on.

3rd. Or. Can I purchase from the
Government at the Gov't price
of land a quarter on the 9.

If I can be so consid-
ered as to answer me and
in so doing you will greatly
oblige

Yours Humbly

I have the honour by direction of the Commr to acknowledge the receipt of your letter of 15th ult in reference to your claim to the N½ W½ Sec. 9. 38. 29 W 4th and in reply to say that the whole matter of your claim will be fully considered & decided when the Land is opened for Homestead entry & proof of settlement & improvement before such Commutation can be made. If you have a prior right to obtain Homestead for the Land so settled on provided such right be exercised within three months after the Land is open for settlement.

Your letter Commr is understood as only affecting the class of Lands open for Homestead, the odd numbered Sections being reserved and therefore your claim to part of Section 9 is not one that the Department could consider.

You are entitled as a squatter to hold & consider ~~Section~~ as an even numbered section by virtue of occupation and cultivation and if when the Lands are opened for entry as aforesaid part of the same Section be unoccupied you can make Homestead for the same and Pre-empt for the Second. You are entitled ~~Commr as a squatter is held~~ with the ~~under Section~~ to the exclusion of others ~~and~~ ~~acquire that~~ ~~the same right to occupy and hold~~ ~~as~~

I settled on the claim 21st September 1882, lived on 2 1/2 years; have farmed and improved the claim successively since 1882.

My improvements are 1 dwelling house, log, 18 x 20; one store house, lumber, 18 x 16; 2 stables, each 20 x [illegible] logs; 1[illegible] acres, more or less, under cultivation; 2000 rails 400 post, built up.

Sir,

Enclosed find copy of a letter from Mr. R.A. McKenzie addressed to Mr. Homestead Inspector Thompson, regarding a claim by the former to the NW. 1/4 9-38-27, W. 4th. If this land has not been patented to the Saskatchewan Land and Homestead Co. I think it would be well to have this matter investigated, and if McKenzie's statements are correct he would be entitled to homestead entry for same. I am informed he states as a reason why he did not apply sooner was that the Agent of the colonization company informed him the land in question belonged to that company. If the land has been patented to that company, and his (McKenzie's) statements are correct, that company should be requested to relinquish it, or make terms agreeable to McKenzie. It was never contemplated that the lands settled upon prior to survey, even if they were odd sections and were included in the grant to the company, should be handed over to it; the Minister reserved to himself to treat in such cases. In this case the land in question was granted to the company by Order-in-Council of the 25th July 1882, but it was not till the spring of 1884 that the lands were surveyed, and the company did not take

I am directed to acknowledge the receipt of your letter of the 19th ultimo, Reg. 30359 enclosing the case of Mr. R. H. McKenzie. In this connection I am to say that the entry of the same was cancelled on the 18th Dec. 1886, having a homestead entry for part of Section 18 Township 38, Range 27 West of the 2nd Meridian, as stated in your letter of the 10th April last in reference to this matter, and the records here show that Walter H. Read has made a Soldiers Homestead and Pre-emption Entries for the same and both have been cancelled of 1886. Before any decision can be arrived at upon Mr. McKenzie's claim, the Department requires proof to be furnished in regard to the above point.

In reply to your letter No 4904 Ref 88-7 I beg to say that the correspondence of the 24th of the original claim S.E 1/4 of 36 - 38 W 2nd & Mr Mc Neil & give you the following evidence which I challenge Mr Mc Cargie to refute if

Mr Mc Cargie knew perfectly well before he had gone to any considerable expense in improvements, the exact location he was to obtain as he & "Pat" Crerar and Traill Clerk drove the Township blocking the marks of which are quite distinct today, & ascertain the fact.

2nd

Mr Moore Manager of the Bank of B.N.A. in Oct 88 agreed & sold Mr Mc Cargie the S/2 of the Section in question at $3.00 per acre in event of the Company coming in possession of the land, and declined another applicant for purchase even after Mr Mc Cargie had abandoned

The Dominion Lands office was

ment of 1886 or thereabout. Mr Mc

entry. I strongly advised him to
remain on for the sake of having
his children in convenient School

letter from the Minister of the In-
terior or the Commissioner at
Winnipeg. I will not say while
telling him that he could obtain
entry for the E ½ 9. 38-27 W 2nd but
it would be of no use to him & have
only one 1/4 sec as his boys would
eventually require land & he in-
tended to go pretty largely into
stock raising & did any case he
preferred the location at the mouth
of the Blind Draw. I then gave him
entry for the place where he now
lived. Let it be remembered that
at this time Mr Mc Dougall had the
walls of a house up on 16-38-27 ad

named Grahame. The house he from

of his abandonment he left $10.00 in

my hands as Land Agent to secure entry of a 1/4 Sec presumably, though I am not sure of this. Sir Mathers declined to make entry & I refunded the $10.00. Since then Mr Ike. Kingie has endeavored to revive his claim as having settled before Survey

Mr Ike Kingie's statement to you on the 11th instant that he notified me as Agent for the Minister of the Interior that he had settled on the 1/4 Sec in question before Survey & that he desired to obtain an entry thereto, I most emphatically declare to be without foundation in fact.

I can only add that ever since I came to the Country Mr Ike Kingie & I have been most friendly neighbors & community have no reliance what-ever in the case but these are the facts & on the basis of such facts I should feel very little hope in sustaining a claim to land under the Law as it stands now or has stood since 1883

I Roderick Alexander Mackenzie of Red Deer, district of Assiniboia North West Territories Canada. Farmer- make oath and say as follows.

1 I took up the north west 1/4 of section 9, township 38 Range 27 west of 4th M. on the twentieth of September A.D. 1882, I built a house on said claim immediately - commencing on the 21st ~~—~~ of September -

2 I lived on claim during 1883 and broke 10 acres and ~~the~~ cropped 5 acres - I cropped and lived on said claim during 1884, 1885. I built a large house in 1883 also 2 stables -

3 I was first informed that the Colonization Co ~~—~~ claimed said land in 1884 two years after I had taken up said claim, and then I had settled on and cultivated said claim

4 I took up said claim before survey and lived on said claim eighteen months before survey was made -

5 I attempted to make entry for land in 1884 and the Rev. Leonard Gaetz who was acting as Dominion Lands agent refused to take my entry on the ground that the Colonization Company claimed said land - Gaetz was also the agent of the Colonization Company -

6 In the late part of 1885 after I had lived on & cultivated said claim 3 years, finding that I could not get entry for said claim I took up another claim - but - I never gave up possession of the quarter section above mentioned and in proof of this I have cultivated said claim above mentioned every year until 1890 -

7 would have put in a crop in 1890 also - but
that I was warned by Mr Pierce of the land
department - to move all improvement - as
I did not know what action Mr Pierce might
take I thought it as well not to put in any crop -
8 I have complied with the Dominion Land
Regulations regarding the taking up of
land. by building on, residing on, and
cultivating said land and for the space of three
years and I believe I am entitled to a patent
for said land -

Department of the Interior,

Ottawa, Jan. 21, 1911.

Memorandum

re the Lord Selkirk, Man., N. W. Mackenzie

Prior to the concession of homestead lands stating that he squatted on the North West quarter of Section , Township , Range 21, W 5th of the 6th Meridian in September of 1882 prior to survey; that in October of last he was notified by Mr Colin T. Moore that this quarter section belonged to his Company, and further that Mackenzie, desired to know whether he might obtain title from the Government. A reply was sent him on the 31st January following, in which he was told that his rights as a squatter prior to survey, could only be recognized as far as even sections were concerned. In January, 1907, there was handed to Mr Pearce a letter from Mackenzie to the Homestead Inspector, regarding this claim. It is probable that, had the Department been aware of Mackenzie's claim to this land before the issue of patent, the same would not have issued without further inquiry, and he could then have been protected; but, patent having issued there were no sufficient grounds to set it aside, as it is clear that Mackenzie had no legal squatting equities

the same. Mr Gaetz states, in his letter dated 30th November, 1903, that Mckenzie knew perfectly well before he had made any considerable improvements on the quarter section in question, that he was on an odd section, this being clearly indicated by the trail lines run by him (Mckenzie) and one named Bredin. The Township lines were run on the 20th September, 1883, and the 10th March 1884.

In October, 1883, Mr Moore, manager of the Saskatchewan Land & Homestead Company, offered to sell Mckenzie the North half of this section at $4 per acre, and immediately upon the opening of the Land Office at Mr Gaetz, Mckenzie applied for entry, deciding to keep up the land on which he now resides viz: Section 12 Township 30, Range 28, West of the 4th Meridian. The reason of his adopting this course was that he thought he could get more land on this section for himself and his sons than he could upon his old claim, which was on Section 8, Township 30, Range 27. Mr Gaetz further reports that he advised Mckenzie to remain on the last mentioned land; and although he (Mckenzie) had the walls of a house erected on Section 24, Township 30, Range 27, and 11 acres of it broken, and notwithstanding the fact that there was nothing to prevent his obtaining entry therefor, he decided to abandon that land also.

As to Mckenzie's statement in paragraph 7 of his

his affidavit, that Mr Pearce warned him to remove all his improvements off Section 8, Township 36, Range 27, such statement is wholly incorrect. The facts are that, on the 17th April last, he called on Mr Pearce, and asked permission to take this section. Mr Pearce gave no opinion on the subject, but told him he would write to Mr Gaetz who represented the company in the matter. This Mr Pearce did on the 18th April. On the 26th of the same month Mr Gaetz wrote to Mr Pearce giving the necessary permission. On the 28th April the following letter was sent to McKenzie:-

"In reference to the removal of certain build-
" ings owned by you on Section 8, Township 36, Range 27,
" West of the 4th Meridian, I beg to inform you that I am
" advised by Mr Gaetz that the Colonization Company have
" no objection to your doing so, and desire that you shall
" remove them with the least possible delay."

It may be stated that this Mr McKenzie has been unfortunate with respect to his homestead entry on Section 18 owing to what he asserts to be a mistake in marking the quarter section post, such assertion being corroborated by the Homestead Inspector. By this error the half section he entered for was half a mile further north than he supposed. The result was that he settled on what he had entered for as a preemption. This, however, he got rectified by an interchange of entries; but the land he obtained for a preemption, the North East quarter of Section 11, proved so cut up

11 & 18

by

by the Blind Man's River as to be utterly worthless.

McKenzie is a native of Manitoba, a Half-breed, and has always been a loyal and industrious citizen.

Mr Pearce has recommended, through the Comissioner of Dominion Lands, for your favourable consideration, that, as a settlement of this matter, McKenzie be sold a quarter section of land at the minimum price viz: $1. per acre.

Mr Pearce observes in this connection that, although the decision conveyed in the Commissioner's letter of January last was in accordance with the practice of the Department at that time, it was found that in order to settle successfully the Half-breed claims at other points, throughout the North West, much more liberality must be shown; and he further remarks that if McKenzie had made his application six months later he, no doubt, would have received a more favourable reply Besides this as it is to be noted that, the settlement with the Colonization Company was a compromised one, McKenzie might have been granted homestead entry and possibly preemption entry on section 9.

Dear Sir,

Will you have the kindness to approach the Hon. Min. of the Interior in my behalf, to endeavour to secure my right to a second homestead.

I have endeavoured through Mr.Pearce, Supt. of Mines, but he could not grant me the right himself, because I did not receive my patent for my first homestead in time specified in the Dom.Land Act. But said he would send a letter to the Min. of the Interior recommending & showing that I was entitled & should receive a second homestead, which letter of recommendation he dictated & had written there and then in my presence. That was in April, 1890. I have up to date waited patiently but never received any reply. I am now of the opinion that the Minister of the Interior did not receive the said letter of recommendation.

On the 22nd Sept.,1882, I squatted & lived with my family on a piece of land at Red Deer about 18 months before survey & continued living there on until the fall of 1885, i.e. about 5 months after the land office was opened by Rev.Leo Geatz. Immediately on opening the said land office I applied to make homestead entry but refused on the ground that the piece of land I was living

on

on belonged to or was owned by the Saskatchewan Land & Homestead Colonization Company. Mr.Geatz then advised me to select another piece of land, which I did, and that the time I had already lived on the Company's land would be applied on my homestead, I had selected and made entry for. But which has not been done, and no reasons for not doing so and the consequence is my patent too late in my first homestead to recover the second homestead.

Neither have I received any remuneration or promise, for the improvements I had on the said odd section at the time I made entry & moved on the even sec. were 1 dwelling house 18 x 24, kitchen 12 x 18, 2 stables 22 x 24 each, 1 shed 22 x 24, 1 store house 12 x 20, 20 acres under cultivation.

Had I been allowed the time on my first homestead that I lived on the odd sec. I should have been entitled & received my patent two years before the time expired to entitle me to a second homestead.

On that ground I pray you will endeavour to induce the Minister of the Interior to grant me my right to a second homestead.

Hoping that your attention on this matter will be as punctual as you have always been in the past.

I am your most obt.servant,

With regard to the loss you allege to have occur red in reference to your claim to the N.W. 1/4 sec. 9 - 38 - 27 W 4 M not being recognized and the quarter section handed over to the Colonization Company, and also to a mistake made in the marking of a quarter section post by which you clair to have been misled and to have suffered loss, you will remember that you asked that you be granted the privilege of making a second entry. This the law did not permit. In an interview with you I informed you that the very best that could be done in your case would be to sell you a quarter section of land open for ordinary homestead entry at the minimum price prescribed by the Dominion Lands Act, Viz. $1. per acre, and this you stated would be satisfactory. Dear Sir,

I beg to acknowledge the receipt of yours of the 6th ultimo re my right to N. W. 1/4 9 - 38 - 27 W.4.M. and also my loss by mistake made in the marking of sec. post.

In reply I say, Yes I do remember in an interview with you of asking to be granted the privilege of a second entry. and I also remember in the same interview you ordering one of the clerks to write and your dictating what should be written and forwarded to the Hon. Min. of the Interior. The contents were you recommending that I should be granted the privilege of a second entry. And I also remember of informing you of my nearest neighbour who had received the privilege of a second entry and whose right to a second entry was not better than mine. And I moreover remember asking you how it was the Colonisation Company received a patent for land I was living on, previous to survey and previous to their receiving the land. Your answers were so evasive the conclusion I come to was that I would apply directly to the Hon. the Min. of the Interior, and have the matter adjusted and avoid having any more to do with your crookedness and false statements. I say false statements because your letter of 30th Jany

1891 states 'Your request for a concession in the price of land will be taken into consideration.' My letter to you refferring to the matter dated 20th Jany 1891 makes no such request, but you entirely ignor the matter reffer red to. I say most emphatically that up to the present moment I have not made such request to you or to any oth- er offitial. Neither do I accept of the concession you 'are instructed to advise me of' to be full compensation of the losses that have occurred to me in behalf of land claims against the Department of the Interior.

Sir,

In reply to your letter of the 2nd instant, Ref. 331177, I am directed to inform you that it appears from the evidence on file in this office that Mr.R.A.McKenzie who holds homestead and pre-emption entries for the E.½ 18-30-26 W.4th M. would be entitled to the privilege of a second entry except for the fact that he made a mistake and put his buildings on his pre-emption quarter section instead of on his homestead. His duties appear all to have been completed in November 1888, at which time, in a declaration we have on file here, he mentions the mistake made in placing his buildings and expresses a wish to have his homestead and pre-emption entries interchanged. According to your letter, however, this interchange appears not to have been made until February 1890, and on this account I presume Mr.McKenzie cannot be considered as entitled to the privilege he asks for.

In reply to your letterx of the 22nd ultimo File 331177, I am directed to say that your files Nos. 195812 and 260267 which accompanied it, have been laid before the Commissioner but they do not appear to deal with the point raised in mine of the 31st January last, No. 348098. No doubt, however, you have the papers on file which cover the question as to the recognition , in connection with an application for second entry, of the performance of homestead duties prior to the interchange of x homestead and pre-emption entries, and will be able to forward them for the Commissioner's inspection.

Mr. Henry, –

I have failed to find anything recorded touching the exact point raised by the Commissioner underneath. A thorough search was made on a previous occasion with the same result. Moreover, there is nothing in the correspondence underneath to show that the ruling to which Mr. Hall referred was Exactly on this point. Mr Hall says it was on a "somewhat similar point" and the rulings on the files suit the Commissioner were satisfactory to Mr Hall at the time.

Sir,

Referring to your letter of the 13th i stant, File 331177, the Commissioner directs me to say that he is desirous that the point which he has raised in respect of the recognition of residence prior to entry in connection with granting a settler permission to take up a second homestead, should receive the fullest consideration, and he hopes that a thorough search may discover the papers which will doubtless afford him the information he desires. Should, however, these not be forthcoming, he would suggest the advisability of making a fresh submission of the case to the Department of Justice, as he thinks that whilst we are willing to concede recognition in the case of an application for patent, we are not extending to the settler the treatment to which he is entitled in refusing him, under such circumstances, a second entry.

Memorandum.

In the case of Henry Lambert, File 32957o, the Department of Justice says that "Lambert not having on the "2nd June, 1890, obtained a homestead entry, has not then, "within the meaning of the Statute of 1882, complied with the "requirements of the Dower Act entitling him to a "certificate of recommendation for patent, and is not, "therefore, entitled to make a valid homestead entry." In the interpretation of certain [illegible] case of P. A. McKenzie [32177] February, 1890, and in the case of David Fulton [40287] in June, 1890, is to be considered as equivalent to making a new entry, until such time as the certificate can be given. The decision of the Department could not be otherwise. The case of A. H. Ross [28235] differs from Lambert's in that [illegible] of that the [illegible] in June, 1890.

Memorandum.

Mr. R. A. McKenzie had homestead and pre-emption entries for the East half of Section 18, Township 38, Range 28, West of the 4th Meridian, and appears to have completed all his duties in November, 1888. As he had made a mistake and put his buildings on his pre-emption quarter-section instead of his homestead he expressed a wish to have an interchange of entries made but this interchange appears not to have been made until February, 1890.

David Railton had homestead and pre-emption entries for the North half of Section 28, Township 13, Range 11, West of the 2nd Meridian, and appears to have completed the duties on such homestead in time to entitle him to second entry. but an interchange of his entries was made in 1884, for what reason is not stated on our records,

Both these men have applied for second entries and the only difficulty in the way is the fact of their having had an interchange of entries at so late a date. The Commissioner suggested a reference of these cases to the Department of Justice to decide whether they were so entitled but Mr. Hall asked me to see whether the opinion of that Department in the Lambert case did not cover these and the

memorandum

memorandum hereunder was prepared to show that point. If the interchange of entries is considered as equivalent to a new entry this opinion would indicate that these men are not entitled to second entry.

If the interchange of entries is not so considered but merely as a readjustment of the entry already existing there seems to be good ground for allowing the second entry.

In the case of A. H. Ross |292352| it was decided that he could not be given second entry as he abandoned his homestead entry 23rd July, 1884, and took it up again in order that he might obtain a pre-emption entry with it, though he also had completed the duties in sufficient time.

Re cases of MacKenzie and Railton.

The only information which I can find bearing on the point involved in these cases is that contained in the Commissioner's letter of the 28th January, 1892, on file 280874 herewith, in which he says:-

"As to the general practice in the matter of inter-"change of entries, I am to say that it is usual to credit "settlement duties performed on the land which becomes the "homestead by the interchange before such interchange took "place, or to credit residence on the original homestead in "connection with the new one, if cultivation has been done on "the latter in accordance with the two mile radius sub-clause "but under no other circumstances is it usual to credit "settlement duties performed before the date of interchange."

It appears to me that the ruling of the Department of Justice that, although we may count time back ~~and possibly waive some conditions~~ under certain circumstances in the granting of patents for first homesteads, a clear three years must elapse between the making of an entry and the 2nd June, 1889, to entitle a settler to make a second entry, bars out both MacKenzie and Railton.

I concur and so direct. 27 July 96

Memorandum :-

Re Mr. Oliver's letters 22nd inst. respecting Mr. R. A. Mackenzie's application for permission to make second homestead entry. As requested in your memorandum of 26th instant hereunder I beg to report as follows respecting Mr. Mackenzie's application for second homestead entry.

Mr. Mackenzie entered the 9th March, 1885 for the North east quarter of Section 18, Township 30, Range 26 West of the 4th Meridian as a homestead, and the South East quarter as a pre-emption, and on the 27th February, 1890 his entries were interchanged as it was found he had, owing to a mistake in the marking of a quarter section post, settled on his pre-emption instead of on his homestead quarter section. For such interchange Mr. Mackenzie paid the usual fee of $1 , though he had previously stated an interchange fee should not be charged in this case as the mistake was made through no fault of his, but through the wrong marking of the survey post. Mr. Mackenzie

ade

Jas. A. Smart, Esq.,

of the Interior.

made his application for patent for the North East quarter of the section on the 10th April, 1890, which was approved on the 13th April, 1891, and on the 31st March, 1890, he abandoned his pre-emption entry for the South East quarter. According to such application for patent he resided continuously on the South East quarter which was, as already stated, patented to him as a homestead, from the month of March, 1885 to the date of his application, 10th April, 1890.

As Mr. Mackenzie settled on his pre-emption instead of on his homestead quarter section owing to mistake in reading the quarter section post, as shown by Mr. Pearce's memo of 1st May, 1891, I think the original date of his entry and not the date of the interchange should govern in dealing with his application for second homestead entry. If this view is concurred in Mr. Mackenzie will be entitled to make a second homestead entry.

Sir,

I am directed to inform you that it has been decided that Mr. A.McKenzie, of Logan P.O., Alberta, who earned patent for his first homestead, the S.W. 1/4 [illegible] W. 4th M., too late to avail himself of the privilege of second homesteading, shall be granted that privilege, and the presentation of this letter by Mr. McKenzie will be your authority for granting him a second homestead entry for any land open for that purpose.

I am to explain in this connection that Mr. McKenzie originally made homestead entry for the S.E. 1/4 of the above section and pre-emption entry for the S.W.1/4, but owing to an error in the marking of the survey, he actually settled on the pre-emption quarter section. He was permitted to interchange his entries, but when he came to make application for patent his performance of the homestead duties was calculated from the date of the interchange instead of as appears to be only reasonable and just, in view of the fact that the mistake was not one for which Mr. McKenzie was

Ottawa, 12th May, 1897.

Dear Sir,

I duly received your letter of the 22nd ultimo, and accompanying petition and affidavit from Mr. D. A. MacKenzie, of Logan P.O., Alberta, for a second homestead.

In connection with the evidence filed by Mr.MacKenzie I have had the departmental records very carefully examined, and I find that Mr.MacKenzie settled on his preemption instead of on his homestead quarter section, owing to a mistake in the marking of the quarter section post. He was permitted to interchange his entries, but the performance of the homestead duties, when he came to make application for patent, was counted from the date of the interchange and not from the date of the original entries. By this method of calculation he did not become entitled to his patent before the 2nd June, 1899, in time to be eligible

M. Oliver, Esq., M.P.,
House of Commons,

eligible to make a second entry.

As the mistake made by Mr.McKenzie in settling on his preemption appears quite clearly to have been no fault of his, I am satisfied that it would be an injustice to Mr. McKenzie to allow that to debar him from the privilege of second homestead, and I have therefore given instructions that the date of the original entry and not the date of the interchange should govern in dealing with the application for second entry.

I enclose you herewith a letter ~~addressed to Mr.McKenzie~~, which you may like to forward to ~~him~~ Mr.McKenzie yourself, and which on presentation by him to any agent of Dominion Lands, will be the latter's authority for granting Mr.McKenzie a second homestead entry.

I beg to acknowledge receipt of your letter of the 11th ultimo and in reply may say that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

You have already obtained patent for two free homesteads and I regret to inform you that the recent amendment does not make any provision for the granting of a third homestead. Under existing legislation there would appear to be no way by which you can be permitted to secure another quarter-section of Dominion Land.

One Donald McLeod, who has obtained the N½ 6-5-24 W 4th through purchase from half breeds who located their land scrip thereon, by a mistake has located on the NE¼ 7 in same township for nearly the last three years. States he has buildings in the way of House, Stabling &c to the value of $1500, and has 20 acres broken. Supposed he was on the portion of Sec 6 owned by him. He now desires to purchase the E½ of Sec 7 to protect himself and is anxious to have the matter closed before the land passes into the hands of Coast Railway Corporation. If it can be done I would recommend that it should be sold him, and in this connection would refer you to the order-in-council of the 24th October 1882, reserving all the odd Sections between the 52nd & 54th degrees of latitude and 104 & 116 degrees of longitude. As you are aware by order of the late Minister of the Interior, sales of odd Sections within that reservation have been made

and the last paragraph of
said Order in Council possibly
includes that such may con-
tinue to be done till the

Kindly do the best you can in the above matter as times are so hard here at present and I have done great deal of improvement and spent great deal of money on the above named land and money so hard to get. Trusting it will your most favourable consideration.

My dear Sir,

Yours of the 21st reached me in due course. I have thought over the matter but see no way by which I could recommend that half-breed scrip should be accepted as per your offer therein no doubt, it might be considered a liberal one by many. Even if thought desirable the law would not permit of it.

If you desire an extension of time to make the first payment I would suggest you make a specific application for that stating when you are prepared to make such payment. I notice that the C.P.Ry have included the said N. 1/2 7-51-24 W. 4th in the lands that corporation desire to acquire as a portion of their land grant and that you were advised I guess are looking for same.

My Dear Pearce,

Mr Donald Mc Leod was in to see me this morning with reference to the E½ of Sec. 7-51 24 W.4? which he has been permitted to purchase. You are more familiar with the facts of the case than I am and for this reason I am writing you. The time from which interest begins is 19th October, 1889, and the interest now amounts to $180.59. Mr McLeod tells me that his improvements on the ¼ Section are worth $2000.00, and that he is prepared to pay the interest to date. Owing to the stringency of the money market he cannot do more at present. I understand the Commissioner is now in Ottawa and if you can see your way clear to make a recommendation, with your knowledge of the facts, that an extension of time be given on payment of the interest it seems to me the Department will not lose anything. I am leaving by boat to-day for P.Albert

Ref 3871

Sir

In reference to your letter of the 7th ultimo No 128234 Ref 13361, I beg to state that Mr Irvine does not appear to be one of the class who are entitled to purchase at $1.25 per acre, with residence conditions, as at the date he settled on the land he could easily have ascertained that it was not open for entry, and it was subsequent to my visit to that neighborhood that notice to that effect was promulgated.

I presume he really desires to purchase all that portion of the E 1/2 of Section 31 lying east of the Belly River. The file of correspondence in the Matter. Irvine in some parts the E 1/4 and in others "all of the E 1/2 lying east of the Belly River"

I see no objection to selling the land to Mr Irvine at $2.50 per acre, but when in Ottawa recently I saw an application from him

for

The Commissioner
of Dominion Lands
Winnipeg

for it, and the view then taken was that as it lay within a coal reserve it could be open for homesteading only; (See Order-in-Council of 13 April, 1886) By the word "settlement" I presume homesteading is meant, or sale for actual settlement, therefore before carrying out this sale it might be well to have this point definitely fixed.

Sir

In reference to yours of the
22nd ultimo. No. 15364 on 188 801:
1st - I am advised that the accul-
regulations are not yet in force.
2nd - I am force advised they over-
-ride the Order-in-Council of the
13th of April 1886, alluded to in mine
of the 5th of April last. No. 4343 on
3571, accelerating, of course, that
the word "settlement" therein bears
only homesteading & construction
which strikes me as hard & fast
applied to a case like Lewis, who
appears to be in bona fide a settler
& any homestead. See to ob-
-section, however, to continuing set-
-tlement & mean homesteading

the best way will be to make this

In further reference to your letter of the 7th March last, No. 12234 Ref: No. 138801. I beg to state that during the recent visit of the Deputy Minister to this point, I brought this matter to his attention, and he stated that if I made a report that there would be no difficulty in making a special case of it that could carry rail & sale to Niven, although the land in question was within a coal district.

When visiting Lethbridge in the latter part of August, & early in September, 1885; I met Mr. Niven & company & Mr. C. A. Magrath Land Commissioner of the North Western Coal & Navigation Co. The former had then various surveys in connection with the 8 sections in question, and Mr. Magrath told him that if his company received that land as portion of their land grant, he would sell him that portion east of the river at a certain rate (I think it

it was £2.5.0 per acre, but of that price I am not certain) I then asked the Director, in case that Company failed to obtain it, he could obtain Homestead entry thereto, and I replied that all being an odd Section, a Homestead entry could not be granted, but that I knew no reason why the Surface rights could not be sold then, and on the strength of that, he took possession.

If you will then this communication to the Head Office, with your endorsation, I have no doubt the Sale will be effected without any further hitch.

Mr. Hinnie has applied to purchase the portion of the N½ of Sec: 31 - 9 - 21 W 4th M. lying East of the Belly River, and the Comm'r has advised (16 Aug 1889) that the land having part of a Coal deposit it could not be sold to Mr. Hinnie at a less rate than is now charged for coal lands.—

Mr. Lowes subsequently reported to the Comm'r in the matter (13 Nov: 89) that when at Lethbridge in the fall of 1885 Mr. Hinnie called on him in regard to this land with Mr. Magrath.

Mr. Magrath had promised him that if this land fell to the Alta Coal & Navig. Co'y, he would sell it to him at $2.50 per acre. Mr. Hinnie asked if it did not fall to

Sir,

In reply to yours of the 2nd instant, No. 223760, on Ref. 204342, I would state that on the 31st ultimo I reported on the matter alluded to, and I think Mr. Nivens will have no difficulty in obtaining from the North Western Coal & Navigation Company their consent to the subface rights of the section being given him. Of course I do not presume it is necessary to get the consent of that corporation, but at the same time, considering all the circumstances, I think at the present juncture that they would readily acquiesce therein ~~to it~~, and it would be well they should. Even if they do not, as Nivens settled there with the understanding from the Land Commissioner of the N.W.C. & N. Co. that if this formed part of their land grant he would, on behalf of the company concede the surface rights, I can see no reason why they should object to the Government doing so.

In your Returns of the 8th Aug; 1890 a payment of $160 in scrip was forwarded on account of this land presumably on principal account but which subsequently appears to have been applied $125.27 only on principal, and $30.73 on interest account.

You were advised by Dept'l Cir. of 24 Aug; 1891, that the purchaser would be required to pay interest from Aug; 1890, and requested to notify Mr Rivin accordingly.

Did the purchaser (Mr — (Rivin) give his consent to the change in the application of the first payt? In case such has not been obtained

This sale was carried out on the 4th Aug. 90. The 1st payment $160 Scrip was made on the 4th Aug. 91. and reported in return for the period Ending 8th Aug. 1891.

There would appear to have been on years interest $12.70 due on the date of 1st payment viz. 4 Aug 91.

I have seen Mr Rivin. who states that he gave his consent to the change in the application of the first payments.

Sir,

I am directed to refer to the letter addressed to you by the Agent of Dominion Lands at Barrie, in reference to the lands to be granted to your sons under their respective pre-emption homesteads; and to say that it was under a misapprehension of the [illegible] that Mr. W.A. I have, however, no doubt that Mr. W.A. Orton will exercise his right of pre-emption [illegible] at $1.00. As soon as he exercises his right to purchase at $1.00 per acre, the half-section will be granted to [illegible] Sec. 1/2 of Sec. 26. Sir,

I beg to enclose herewith a copy of a letter from the Agent at Calgary re Mr. James Quinn, respecting the issue of patents to [redacted] Quinn's sons under their respective half-sec. homestead Warrants; and to say that it would appear to be some misapprehension as to the N.E. 1/4 of Sec. 24, Tp. 24, Range 29, West of the 4th Mer., which, according to your letter of the Agent was to be granted to W.A. Quinn. As a matter of fact, the half-section in which Sec. 24 is situated is the property of the Alberta Ry. & Irr. Co. by virtue of a grant to the C.P.R. Co. Under these circumstances I suppose Mr. Quinn will have to purchase the land from the C.P.R. Co. or procure a fee of $10. As in the case of exchange of patents, the fee would be $10 for each half-section. This, of course, will apply to the half-section which J. Quinn may have given in lieu of the N.E. 1/4 of Sec. 24. I have instructed the Agent that if he finds any half-section available, to cancel one of the existing entries or otherwise, in the immediate vicinity of Quinn's.

I called on Dr. Quinn as you suggested. He affected considerable ignorance on the subject. Said his son would know from Calgary that the land was in the market and requested him to send up to him to-day for the entry before any one else would get it. Indeed I understood him to say he sent money to enter for the whole of Section 24. I know you will see with the matter fully. I don't understand why the Govt should wish to deal so harshly with me, who was first in that part of the country and have not interfered with any of the later settlers, and moreover have complied with the requirements of the lease. I would gladly sell out the whole concern to Mr Quinn or Flett, who tell he does not want to buy. he wants just now to get a title of the Govt land from which fell to my share under the lease and let me purchase the adjoining sections.

I have written to Mr Brown for particulars of the case and you will

Sir,

Referring to your letter of the 12th February last No.224951 on 205174, I am directed to say that Mr. J.Quinn to-day called upon the Commissioner and again brought up the question of the exchange of lands desired by his sons. It seems to be possible to arrange the matter to Mr.Quinn's satisfaction excepting in reference to the lands of his deceased son Charles, whose entries were sometime ago cancelled. It is suggested in the letter of the 12th February last to Mr.Quinn, a copy of which you enclosed, that if he wished to have the entries of his deceased son Charles transferred he must apply to the Local Agent for land open for that purpose. The Commissioner does not understand how it is proposed to transfer the entry of the deceased and he thinks that probably your letter to Mr.Quinn was written under a misapprehension.

Mr.Quinn now asks that the S.½ 2-21-28 W.4th M. shall be entered for under the "5 years" systemby his son John

The Secretary,

Ottawa.

John Alexander Quinn, now residing in Ontario, the members of the family now in the North West attending to the requisite cultivation and the erection of the house which must be effected within the first two years after entry, and if John Alexander Quinn cannot then go into residence, Mr.Quinn proposes that his younger son, Richard Jospeh Quinn, shall then apply for cancellation of his brother's entry and take the land himself.

I am making enquiry of the Agent at Calgary as to the present position of the S.½ 2-21-28 W.4th , and so soon as he is heard from the Commissioner hopes that this much debated question may be disposed of.

Sir,

Referring to Mr. Rutton's letter of the 27th ultimo No. 173114, Ref. 179204, about the exchange of lands desired by Mr. J. Quinn and his sons I note the point you raise about the transfer of the entries of the late Charles Quinn, and beg to say that the Assistant Secretary's letter of the 12th February was written without my cognisance, and so much of it as suggests the transfer of the late Charles Quinn's entries to any other land is recalled. The Deputy Minister agrees with me that while the legal representatives of a deceased homesteader have certain rights, these rights are confined to the land for which the deceased has entered.

It is proposed by Legislation this session to arrange these land claims of the Quinn family on an early date.

Mr. Henry,

I think there must have been a slip somewhere in the case of Mr. Pennett's correspondence. I failed to find anything in Mr. Nelson's letter books about Quinn, but I came across two letters written to Mr. Pennett in the month of May about a party named Holcroft. It was a homestead question, if I remember correctly and was referred to the Commissioner. It was official.

I see you add "or any other person" in your memo underneath: perhaps you will like to alter it, if you can trace the letters about Holcroft. I return you the papers.

The Commissioner directs me to say in answer to your letter of the 16th instant 205174 that he sees no objection to protecting the homestead entry of William A. Quinn , East half of Section 24--21--28 W 4 until the 1st of January next or 15th of April next if he prefers it.

The leave of absence should be subj--ect to the condition that the land now under cultiva--tion upon this half section shall in the homesteaders absence be either sown to crop or summer fallowed , al--though if this has not already been done it is somewhat late in the season to enforce now such a performance.

The Commissioner suggests however that should Mr Quinn require further protection after next April it should not be granted unless subject to the stipulation I have mentioned .

While not being as favourable to Mr. Quinn as a free grant of the 320 acres, but which free grant he could only obtain by putting in the full three years residence on the homestead, this settlement would practically place him in as good a position as if he had obtained ordinary homestead and preemption entries of 160 acres each, paying $2.50 an acre for the preemption, as the payment would in either case amount to $400.

Will you kindly communicate with Mr. Quinn and ascertain from him whether he would be willing to accept this settlement.

Sir,

I am directed to acknowledge the receipt of your letter of the 5th December last; and to say that when you relinquished the S.E. ¼ of Sec. 21 Tp. 21 Range 28 W. 2nd M. it became Government land. If your son Peter J. Begg who made entry for it did not find it convenient to comply with the law so as to obtain title to it that is a matter for which he alone is to blame and the Department cannot consider the question of placing the land under your grazing lease.

Dear Sir,

I trust you will pardon the liberty I have taken in troubling you with my affairs. I make free to solicit your interest on my behalf. I purchased several Waterlots and claims thinking I could secure them all together for my boys on account of the regulations. I found I could not, & took them up by chance without seeing them. My eldest son

been killed some 20
yrs. in Township 21.
Range 28 West of the 2nd
Mer. My other cows
wanted to be near home,
last winter, when in
Ottawa I saw the Min-
ister of the Interior he
told me the first entry
must be cancelled be-
fore a second could
be made, also that I
would have to pay ex-
penses for. I am re-
ferred to the agent then
to the Department and
so it goes. My boys have
come home as they
were only wasting time
there, but will return in

spring if I can secure the section and ½ I have written for, the Department sent me a time to apply to the Local agent at Calgary. I done so and sent him $81 to cover entrance fees for homestead & preëmption of Sec. 24 and ½ of Sec. 2 in Township 21, Range 28 West of the 4th P. M. same Township as their brother re located on, the agent sent back word he could not use the money until he heard from Ottawa, and so delays so on until they

may

may be taken up and
they are the only Secs.
in that Township I
can get. If I have to
abandon my claim
and lose what I paid
for them. All right
only I want to know
it as soon as possible.
I see the Customs

doing quite a business.
Wishing you all

With reference to the entries of your sons Robert and Roderick for Sec. 14, it is impossible to say from here what is still necessary to be done in order to entitle them to patent. If they have satisfied that they have complied with the conditions of the law, they should make application for it in the usual way and if they desire disclose that entitlement further requirements to be done they will then be notified accordingly by the Commissioner.

As to the substitution of
stock for cultivation on Home-

copy of a letter addressed to you
on the 24th of March, 1886, stating
that in any stock-grazing district
fair consideration will, in all
cases, be given to the possession of
stock as a substitute for the
usual cultivation where the
latter seems, owing to the same
conditions, to be of doubtful prac-
ticability. This consideration
could only be extended however
to a homesteader who is and

The Hon. E. Dewdney
Minister of the Interior,
Ottawa.

Sir,

As requested at the interview you honored me with recently, I make the following sworn statement respecting Sections 14 and 24, Tp. 91 R. 28, W. of 4. 1. I located the above sections in 1888. together with sections 23 and 26 as a grazing ranch. When I arrived from Fort Benton with my son Robert in 1882, we made our headquarters where we now

with

are at the mouth of High River (Town not surveyed) but which since the survey have been made has turned out to be Sec. 26. (A.B.C) Subject. quantity when the allocations for the C.P.R. were made, I was obliged to purchase three sections. Leaving in 14 sections of Dominion Lands.

2. For .606 acres added to station a title to a portion of the Ranch along with me under Military Land Warrants. Made conditional entries for Nim for this purpose on Sections 14 and 24.

3. One of my sons (Peter) failed

failed to obtain the warrant he expected, and I appreciated that if he did not comply with the conditions required that the holy section reverted to me. He wrote as follows to the Land Commr. at Kimberley "July 1897 — "Sir: as I am unable to fulfil the conditions existing on S½ 2 of Section 24 Sp. A. R 98. E. 4. I have to request that you will cancel the entry made by me further for me on that Section".

4. My son Alexander had obtained a warrant which he intended to place on another section, but which in the meantime was

Journeyed

"jumped" the Deputy Minister, apparently to meet the case wrote the Agent at Calgary (Feb. 1887) that Alexanders Warrant could be applied on the S½ S. 24 - hence Peters application to have the entry made for him, cancelled, to make way for Alexanders entry No. 6656, which could not be applied until the former entry was cancelled.

5. There is a clerical error in the description of the half section entered for Peter. It should be the S½ as mentioned in his letter of withdrawal, and in Mr. Pearce's report in evidence

b

to the entry, also in a pencil memo on Warrant #s 5345-6 subsequent references indicate the 9 ½, but as long as the section is kept in the original boundaries the particular help does not make any difference to me. It would however, ~~however~~, if on a divided possession which I trust you will not permit.

6. I made conditional entries on Section 14 under Military Bounty Warrants for my sons Richard Rod[illegible] expecting that by doing so the ranches would be consolidated ~~consolidated~~ [illegible]

only partially complied -

me in a difficult position

intended. The delays and

out the conditions of our lease. I do not wish to have it imperilled by neglect or inadvertance on the part of my sons. The ranche is well stocked. We have fenced it round to keep the stock on our own premises, purchased and leased, so as not to encroach on our neighbors.

When in Ottawa I submitted the above facts to a friend who is well versed in such matters. His opinion was that as this is a special case, the matter is entirely in the hands of the Minister, and can be dealt with by you

so as to reap the ranch intact as at first intended especially as there is no evidence of any desire to take advantage of any one or that I do not seek any thing beyond what is specified in the lease but - I - is a matter for the Surveior"

Now in reference to the help of us, as no order has been made since Potts was cancelled I trust you will remove any difficulty as to clerical error or discrepancies which is probably too late to have rectified now, by restoring the land to me

under the lease, and in
reference to Section 14. 9
desire and request you give notice
each tract you are permitted
to drill and mark as
so required to do to fulfill
the conditions of the extension
made by me for them,
such filing of which that
the extension be effective
as to each tract so that the
said lease may revert to the
lessor under the lease
and that I be released to
the extent that I have complied
with the terms and conditions
of the lease and that no rentals
be required to be paid
on said tracts after the
date of such release.

Yours very truly,

I have the honor to be,

P.S. I visited the Kootenay
ranch this week and
found the cattle in a
very bad state owing to

Sir,

The Commissioner directs me to say in answer to your letter of the 16th instant 20bl'94 that he sees no objection to protecting the homestead entry of William A. Quinn, East half of Section 24--21--25 W 4 until the 1st of January next or 15th of April next if he prefers it.

Draft approved.

The leave of absence should be subject to the condition that the land now under cultivation upon this half section shall in the homesteader's absence all be either sown to crop or summer fallowed, although if this has not already been done it is somewhat late in the season to enforce now such a performance.

LETTER.....

FILE 205175.....

Department of the Interior,

Ottawa, 1st June, 1899

Memorandum.

I beg to submit the application for patent of William A. Quinn, for the E.½ 24--21--28, W. 4th M., which was refused by the Department when made in 1893, in consequence of the duties not having been properly performed.

You will observe that it is a military Homestead, and under the regulations the residence must be under the Act of 1883, viz., 6 months in each of three years upon the land itself. In this connection I quote from H.O. letter of the 8th October, 1892, Ref. 291370, as follows :-

> " Military Bounty Warrants are subject to the
> " conditions of the Act of 1883, and are not
> " affected by the amendments of 1884."

I find, however, that in the case of William McElree, W.½ 20--18--18, W., erroneous information was given to the entrant, and the land was in consequence sold to him at the rate of $1 per acre.

There is also the case of Normidas Lapierre, E.½ 22--8--7, W. 2nd M., in regard to which I quote from the Head Office letter of the 8th October, 1894, Ref. 15623, as follows :-

" In

J.C. Turriff, Esq.,

Commissioner of Dominion Lands,

Ottawa, Ont.

" In view of the fact that your entry for your military
" homestead----was granted to you in 1892 by the Agent
" of Dominion Lands under the then existing sub-clause 6
" of clause 38 of the Dominion Lands Act, permitting a
" homesteader to reside within a radius of two miles of
" his homestead with the exception of the final three
" months residence which must be upon the homestead, it
" has been decided that you may be permitted to complete
" your duties under such clause."

Writing under date the 1st March,1894,Mr Quinn states as follows:-

" I was asked by the clerk (Mr Bourchier) to state the
" manner in which I would perform the homestead duties,and
" I told him I wanted the entry under the two miles radius
" clause, and he said that would be all right."

It does not appear that any weight has been attached to this wrong information, or that it has been taken into consideration, and in view of the decision in the case of Normidas Laplerre, above quoted,I think it well to bring the point to your attention. At the same time I would represent that the requirements of the 1883 conditions have been strictly enforced in the past, and so far as I know the exceptions are very few. The attitude of the Department in such cases is seen in the letter addressed to Mr W.H.Bennett, M.P.,dated 2nd May,1893,which you will find on this file.

There is nothing to shew what Mr Quinn has done on the land during the last three or four years, but as Mr Alexander Begg applies to cancel the entry it may be assumed that he is not in residence at present.

What action shall we take ?

Dear Sir;

You informed me that you had referred the cancellation of E.1/2 of 24 - 21 - 28, west of 4th to the Head Office. I am willing to take an affidavit that Wm. A. Quinn left Alberta some years ago and before leaving he sold all the improvements on East half 24 - 21 - 28, west 4th to Fred Smith.

He Quinn is bookkeeper or clerk in a business in Vancouver, B.C.. Smith removed all improvements to the next township East. I write you these facts as it is very important to me that the land should be opened for entry as soon as possible.

Hoping that your department will look into the matter without delay.

With reference to your communication of the 25th instant, File 205174, regarding the East half of 24 - 21 - 28 , west of the 4th, I notice that Mr. R. A. However I think now that it was better that the letter was addressed to Dunbow, as Mr. Quinn's brother is still there and has forwarded his brother's mail to him. Not only that but he has been to this office to interview me regarding the land in question and I expect within a few days to receive a defence from his brother, which if considered by the Department insufficient, will be followed up by an application to purchase as they do not care to lose the property.

Gladys, July 27, 1899.

Dom. and Agent,

Sir;

I am in receipt of a notice from your office to my brother, W. A. Quinn, stating that an application has been made to cancel his homestead and pre-emption, E.1/2 of 24 - 21 -28, west of the 4th and asking what he intends doing resaid land .

He is at present working in Stevestown, B.C., I forwarded said notice as soon as I learned his address which was about the 20th inst and you will hear from him immediately.

In the meantime I hope you will not allow the place to be cancelled for it is necessary for us to have it in order to carry on our business here and in the event of his just claim to a patent not being recognized by the Department, I know he intends to purchase said land as he cant get along without it. It was entered for by military bounty warrant and after doing the first ten acres of breaking, my brother wiching to live with me in order to give me his assistance with the stock and not being aware that it would make any difference which method he adopted in perfecting his entry, he applied to the Minister of the Interior for permission to live with me on section 10, 21, 28, and do an additional 15 & 15 acres, making in all 40 acres with 25 ac. under crop & fenced the last year also erecting a house and residing there the last three months, which was done. This permission was granted but on completion of the required time and work a patent was refused on the ground that he had taken the wrong method of performing his homestead duties and that they were not aware that he had made his entry with a Military Bounty Warrant when they gave him permission to live within the two mile limit and now they wish

to

to suffer for their neglect to advise him that he couldn't perfect his entry in that way?. After receiving said permission he was at considerable expense to get his improvements done to the letter of the law, only to be told that he had been wasting his time and money through their mistake. There are two cases not far from here where the same Department issued patents to the parties without requiring them to live a day or do any improvements on their homesteads. One is Alexander Begg, the part I believe who is so anxious to have my brothers place cancelled in order to square up his ranche in order to make it more saleable while they would be better occupied in perfecting some of the entrs he and his family have made N.E.1/4 26 - 21 - 28, is the one referred to. The other case is John Potter, High River, When the Department can issued patents in such cases as the above I don't see why they should withhold one from my brother who at least did his settlement duties according to law even if he did through the Governments mistake adopt the wrong method. If he had taken out his entry in the ordinary way, he would to-day be in possession of a patent for 160 acres as he has done the necessary work in order toentitle him to it and if the Government wish to take advantage of him let them issue him a patent for his homestead which he has earned and give him the option of purchasing the pre-emption at a valuation but if they don't wish to use him fairly he will at least claim the right to have the first option on the land at a valuation as he don't wish to lose it & he requires it to carry on his business as the stock is getting to numerous to run on my homestead and also get the necessary hay.

Hoping you will consider favorably his claim to a patent,

I remain,

Yours Faithfully,

"E.Quir

Sir;

I am in receipt of a notice from your office stating that an application has been made to cancel my entry for the E.1/2 of 24 - 21 - 28, west of the 4th, and requesting me to notify you what my intentions are regarding this land.

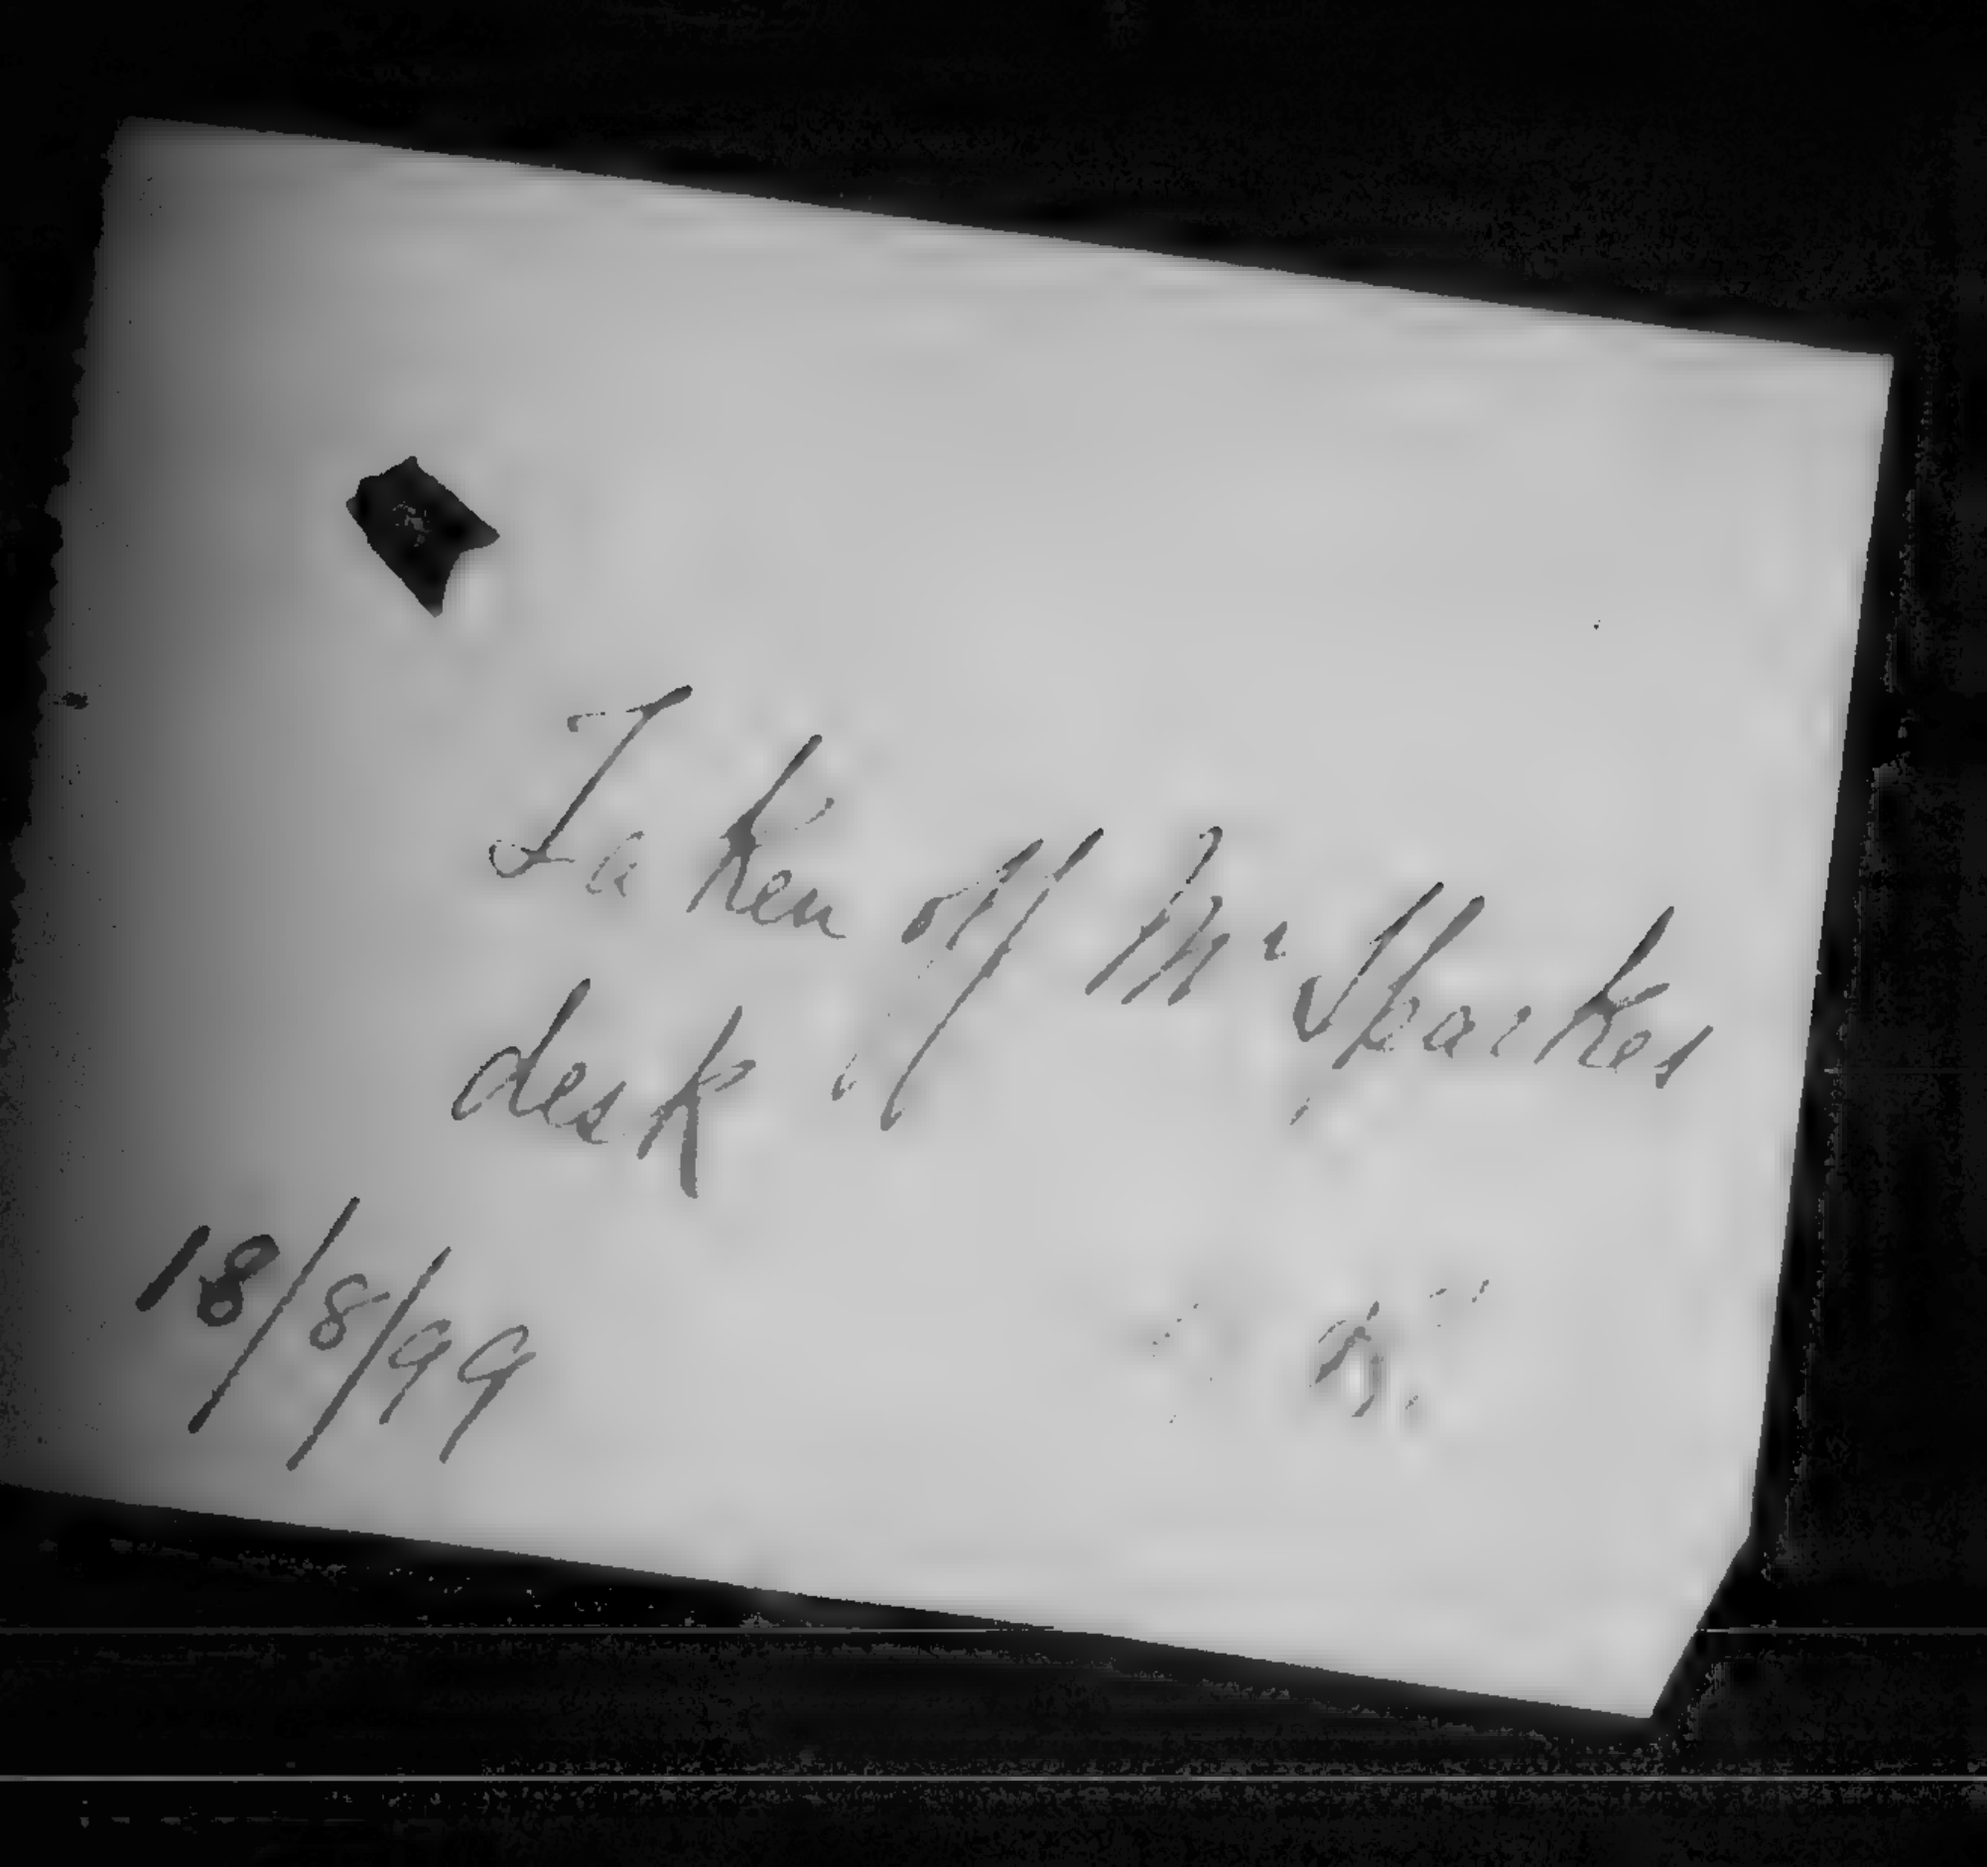

When making my entry I was told by Mr. Bouchier of the Calgary Land Office that I would be able to perfect my entry by residing within two miles of my homestead. I also wrote to the Minster of the Interior, and received a reply con-firming Mr. Bouchier's statement. Being desirous of assisting my brother I went to reside with him on sec 10 - 21 - 28, and at the same time carrying on my homestead duties, breaking 10 acres, the first year, 15 acres 2nd year, 15 acres 3rd year, erecting a frame house fencing and various other improvements and three months preceding the time I made application for a patent I resided on my homestead. I am unable at present to give dates when the improvements were made as all the papers I have in connection with case are at Orillia, Ont.

After applying for a patent I was informed by the Department that one could not be granted because I had entered under a Military bounty warrant and had not resided on my homestead for six months in each year for three years. This I consider very unfair as every settler performed his homestead duties under whichever clause of the act appearing most to his advantage, expecially after being led to believe that I could perfect my entry in the manner in which I did by those who should have known how to instruct settlers how they could fulfill their homestead duties and at the same time comply with the Act.

when applying at your office for a patent, I was informed that I would have no difficulty in securing one and wishing to visit my parents and also earn some money in order to carry on a more extensive business I left my homestead intending as I still do to return and make it my home. Wherefore it would be a great injustice if it should be cancelled simply because some person has cast covetuous eyes on it and wishes to secure the benefit of the labor I have expended on it for a merely nominal sum.

As I am debarred from making another entry and being very desirous of holding the place, intending to return shortly and live on it, I hope the Department will see the justice of my claim and issue me a patent or at least grant me leave of absence, but in the event of their not being disposed to grant my request, I think I am not making an unreasonable request when I ask for an option to purchase at a reasonable price so that I may get some return for the money and labor I have expened on it.

I remain,
yours Respectfully,
"W.A.Quinn"

Sir:- Re E.½ 6-27-3- W. 5th Mer.

I am directed to refer you to the matter of the entry which was granted to the late James Charles Quinn on the 31st of July, 1886, by the location of a military bounty land warrant, and to request you to advise me as to what disposition, if any, has ever been made of the land. It appears that under date of November 3rd, 1890, the Department wrote to Mr. James Quinn at Orillia, Ont., with reference to this half section but it does not appear that the legal representatives have ever taken any steps to administer the estate.

I have not been able to ascertain from the rules and regulations on file here whether residence duties in connection with such military entries were required but my impression is that such is not the case.

As I have had an enquiry or two lately regarding the land, I shall be glad if you will kindly furnish me with full particulars in the matter and what disposition, if any, is to be made of the half section. I might add that I am forwarding a copy of this letter to Mr. James Quinn at Orillia. Your file 205174.

1 16

Mr. W.H.Bennett, M.P., called on Mr. E.J.Cote and asked to be informed fully what settlement duties would have to be performed in order to entitle the legal representative of the deceased entrant to apply for patent for the land.

A letter dated the 9th Dec., 1909 addressed to the Commissioner of Dominion Lands, Winnipeg, on file #208215, set out that the legal representative had been given permission to perform the duties by proxy.

The legal representative, however does not appear to have availed himself of this permission.

Apparently nothing has been done upon the land in the way of settlement duties.

The point now arises as to whether the legal representative may be allowed to avail himself of the provisions of Section #19, of the present Act.

Mr. Cote is of the opinion that this case is governed by the provisions of the

J.W.Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa, Ontario.

the Section mentioned.

On the 12th July, 1910, Mr. Dixon submitted for the Deputy Minister's consideration the point as to whether the locator of an old military warrant might perform the duties under the subsequent amendments to the old Act.

The Law-clerk of the Department thought not, and the latter's opinion given on the 13th April, 1909, was to the effect that actual residence on the half-section was necessary, as Chapter #73, of 48-49-Victoria, had not been amended in this respect.

Mr. Dixon, however, pointed out that Mr. Turriff, when Commissioner, decided that the amendments to the Act then in force, might apply to military as well as to ordinary homesteads.

The Acting Deputy Minister decided [illegible] the case referred to that residence with the father might be accepted.

The question now to be settled is whether we may go still further and allow the legal representative of the late Mr. [illegible] to obtain patent for the land by performing the cultivation duties and by the erection of a habitable house, residence being dispensed with.

The residence may be dispensed with.

Respectfully submitted.

Dear Sir,

Your favor of notice of cancellation of above ½ section at hand - In reply beg to say that I have been in communication with the Lands Department at Ottawa in regard to above estate and thought that they had probably notified you in regard to same - However I beg to inform you that I am, on advice of Dr. Tilt, deceased, taking out papers of administration for my brothers estate and will probably call on you in a few weeks with said papers - I was under the impression that six months notice of cancellation was necessary but apparently was in error. My brothers death I think should be sufficient reason why the settlement duties were not performed - I would be glad to have any advice you would be pleased to give in this matter. Yours truly J. C. I beg to acknowledge receipt of your letter of the 21st ultimo with reference to the military homestead entry of your late brother, J. C. Quinn, covering the east half of section 6- 17- 3, west of the Fifth Meridian, and to say in reply that your communication is to-day being transmitted to the Department in order that the information furnished therein may be noted.

It appears from the records here that you are entitled to complete the settlement duties under section 19 of the Dominion Lands Act, which provides that in the event of the death of an entrant for a homestead prior to the completion of the duties, his legal representative shall be required to fulfil the conditions only in so far as breaking, cultivation and the erection of a habitable house on the land are concerned, further residence duties being waived. It will therefore be necessary for you to break not less than thirty acres of this half section, a reasonable proportion of which must be done in each of three years, during two of which a reasonable proportion of which must be cropped, in addition to erecting a habitable house on the land. By a "habitable house" is meant one that can be lived in during both summer and winter.

This appears to be satisfactory.

With reference to your inquiry as to being relieved of any of the cultivation duties, I am to say that as your late brother's entry was granted under the old act, I see no reason why stock should not be substituted on the land in place of doing the required amount of breaking and cropping. The father is the legal representative of his deceased son, and is therefore the person who should complete the duties. The old fellow does not wish to do this, but wants the Dept to cancel entry & deceased son allow the 14 year old son to take it up instead, so that his brothers may perform his homestead conditions & assist him in so doing. Dr Sir

I regret I had the misfortune to miss seeing you at Ottawa on the first inst. I got an interview with Mr Dewdney about an hour before leaving Ottawa, & learned from him you were in the city. I brought a number of volunteer Land claims, prior to changing of the conditions of settlement. I placed my eldest and another young man on Lots 10 Township 21 Range 28 W of the 4th M. Stock up the other claims at Rendem as the Agent told me they would have to be entered for before the first of augt 86 Dom. at Calgary Next year left for Mr Leask without my knowing you will remember I telegraphed after you. The other boys prefer being near their brother, and are anxious to make a change to section No 2 in the same Township No 21. The minister took down the Nos of the sections for which Entry had been made, and said they would have to be cancelled, before

before a new entry could be made
I presume he mentioned the circumstance
to you, I have already sent up 4 Car
Loads of settlers Effects & Stock to the
oldest Boy, and he took up an Imported
Thoroughbred Clydesdale Shet. foal. 2
year old this Spring. I enclose a letter
from one of the Boys now up there &
stopping at his Brothers, merely to let you
see they mean to be Bona fide Settlers
and want to do what is right. I can
pick up another Pre emption for the other
Boy & they will be all convenient
and able to assist each other.
When up in 86 I put up a House for my
oldest Boy & his comrade I think the
best Horse on High River, Kindly
advise in this matter & return the
letter from the Boy & if all right
instruct the agent to change the name
to Sec 2 Township 21 Range 28 W 4
the 4 Js Wm Arthur Quinn
and John Alex. Quinn
Time never into entered on the one desired before
the other is Sec 2 I can get again.

Yours Respectfully Jas Quinn

I see by the papers you are at Ottawa. I take pleasure to drop you a few lines. I wrote some time since to Winnipeg (but got no reply) to know if you could kindly allow my sons Wm Arthur and Edmund Quinn to make an Exchange of the Section already taken up by them, for Sec.n No. 2 Township 28 Range 21 W of the 4 p.l. N. and close to their brother, who is on Sec.n 10 in the above Township on High River. One of the boys is there now and anxious to know if the change can be effected. So he can have up a load of stock & effects this Spring. He may can make a start. My own already settled there has had 4 car load of stock & effects since he settled there. Your communication contains insufficient particulars in regard to the land to which the notice, am liable to cancellation - if they should be the settler should apply for an inspection - the Agt. at Calgary will by instructions of the 5th of October 2 last, a decision to forward in regard to the N.E. 21 -

Before an exchange of entries could be granted, your two sons would require to furnish a Declaration setting forth a Justice of the Peace or the Land Agt, to the effect that neither had received or been promised any consideration whatever for allowing their entries for Section 4 27-3 W 5th to be cancelled -

Your sons' letter is herewith returned -

The Deputy Minister agrees with me that while the legal representatives of a deceased homesteader have certain rights, those rights relate only to the land for which the deceased had entry.

It is earnestly hoped that you will be able to arrange these land claims of the Quinn family at an early date.

Dear Mr. Smith-

You recently issued the authority necessary for one of the Indians to make entry for his brother who was on near Cochrie Ranche. When he came to make the entry we found he could not make the affidavit, as the brother was not yet 18 years of age, and requested that part of the affidavit should be omitted, stating you were well aware when you issued the authority, that the brother was not of age.

I don't believe I did, but I now thought it well to advise you of the statement made.

Dear Mr Pearce,

I have yours of the 4th instant, No 5502,. There never was any intention of allowing young Quinn who is not yet 18 years of age to make homestead entry. It was decided that an entry should be made by John Alexander Quinn who is at present in Ontario and who , his father represents, to be in somewhat delicate health. The entry is made under the 5 years clause the and if at the expiration of 2 years John A. is unable to go into residence on the land, it was suggested that the entry might be transfered to his brother who while not yet 18 will be of the full age in two years from now

In this would appear to be a matter requiring action by the Dominion Lands Branch. I beg to call your attention to the Agent's letter of the 19th ultimo and to the memorandum herewith from Mr. T. F. Burnett, M.P., who called at my office yesterday and who was informed that he would be fully advised in reference thereto with as little delay as possible.

In this connection please see the letter of the 5th December, 1916, to the Commissioner of Dominion Lands, Winnipeg, on File 205174 herewith (marked), to the effect that the legal representative of J. C. Winn had been given permission to perform the duties by proxy to be named by him.

It does not appear that such action was taken.

The land stands in the records of the Land Patents Branch as above. This case would appear to be covered by section 19 of the Dominion Lands Act.

Mr. Dixon, however, pointed out that Mr. Purcell, when complaining, [illegible] that his complaints to him not take [illegible] force, [illegible] only to military warrants [illegible].

The acting County Solicitor desired to have referred to that was done with the letter which he [illegible].

QUERY

The Agt at Lethbridge under instructions from the Commr has sold to Wm Henderson the surface rights of the N.E.¼ of section 7-9-21 W of the 4th M. which is a portion of the Belly River Coal Reserve. There appears to be a difference of opinion under the two orders in Council passed in regard to the reservation of the Mining rights. The one of the 12 April 86 opens these reserves for settlement reserving, however, the coal mining rights therein and the one of the 31st Oct 87 reserving to the Crown out-of-patent lands W. of the 3rd Mer. all mines & Minerals.

ANSWER.

Printed O.C.'s attached hereto

Mr Goodeve

I have received a memorial to sell to the present occupation in which case it is stated that only the coal would be reserved. Applications can be dealt with under the O.C. of 31st Apl. 1886.

Please call for this memorial as soon as convenient.

QUERY

ANSWER.

Whether the surface rights can be disposed of? The point of difference seeming to hinge on the word "Settlement" in the first-mentioned order, some holding the view that it was ~~only~~, the intention to throw open to Homesteading only, I think it was the intention to deal with all the lands therein both even and odd No. Sections, reserving the Mines & Minerals, no matter under what conditions the patent is to be issued.

Is this your opinion?

P.C. No. 1070.

On a Memorandum dated 12th May, 1887, from the Minister of the Interior, recommending that a clause be inserted in all patents from the Crown for lands in the North West Territories, situate West of the Third Meridian reserving to Her Majesty, Her Successors and Assigns forever, all mines and minerals which may be found to exist within, upon, or under such lands, together with full power to work the same, and for this purpose to enter upon, and use and occupy the said lands or so much thereof and to such an extent as may be necessary for the effectual working of the said minerals, or the mines, pits, seams and veins containing the same.

The Minister of Justice, to whom the foregoing Memorandum was referred, concurs in the recommendation, except in the case of patents for lands which have already been sold or disposed of for valuable consideration.

LETTER No. 5806
REFERENCE No. 4719

Sir,

In reply to yours of the 19th instant, No. 205608, I find that all the lands mentioned lie within what will probably prove to be the best coal district in the vicinity.

The result of the borings made by the North West Coal & Navigation Company would, so far as I can discover, tend to show that all the lands named are coal-bearing, and would, in the near future, probably be valuable as such. I would state, however, that the information regarding the results of borings is not as definite as I would desire; For obvious reasons that company objected to giving information on that head I understand that during the coming summer thay will continue boring operations.

I would further state that I think it probable the North Western Coal & Navigation Company will desire to acquire the surface as well as the mining rights to a considerable block of lands which will surround the parcels in the list sent me, and the Order-in-Council of 31st October, and provisions in the recent regulations enabling mining to be carried out under lands of which the surface rights have been acquired by another, would not,

The Secretary,
Department of the Interior,
Ottawa.

not, I think, act in detriment to that corporation, so far as mining the coal under these parcels is concerned, at the same time I think it would be advisable that no other surface rights in this vicinity should at present be disposed of. I also think that the company should be urged to select their lands as speedily as possible.

I am directed to request you to furnish the Department with a draft of a conveyance which will re-vest in the Crown the title to the North West and South West quarters of Section 5, Township 23, Range 1, West of the 5th Meridian and the North East quarter of Section 5, Township 22, Range 29, West of the 4th Meridian.

These three quarter-sections were patented to the Canadian Pacific Railway Company on the 2nd June, 1887, and the patents were afterwards forwarded to the Registrar at Calgary in accordance with the provisions of Section 44 of "The Territories Real Property Act".

On the 5th July following the Registrar issued in favour of the Company certificates of title for the lands in question as well as for other lands. Copies of such certificates are enclosed herewith for your information.

It was subsequently discovered that certain squatters living upon these lands claimed the same as their respective homes eads and upon the circumstances

circumstances being made known to the Secretary and Land Commissioner of the Company they agreed that the Company would surrender such lands and to accept other lands, namely :- the North West, North East and South East quarters of Section 32, Township 20, Range 1, West of the 6th Meridian, in lieu thereof.

Sir,

I have the honour to acknowledge the receipt of Mr. Pereira's letter of this day's date, ref. No. 14067, in which I am requested to furnish your Department with a draft of conveyance which will re-vest in the Crown the title to certain lands in the North-West Territories.

I do not think it will be necessary for me to prepare such a draft. The conveyance to the Crown will of course be effected by a transfer under the "Territories Real Property Act". The Canadian Pacific Railway Co. has, no doubt, blank forms of such transfers, and I beg to suggest that you should write to the Company asking them to have a proper transfer executed and transmitted to you. It will also be necessary to have the mortgage to Messrs Smithers et al discharged as to such of the lands as have not already been discharged from it. The Company might be asked to have this done also.

The Secretary of the Department
of the Interior,
Ottawa.

When the transfer and the discharge of the mortgage are received by you they might be submitted for approval to this Department.

Do not write about more than one subject in the same letter.

Write legibly your full name and address.

Sir,

I am directed to draw your attention to a matter of long standing which should be closed without further delay. The facts are, shortly, as follows :-

On the 2nd June, 1887, letters patent issued in favour of "The Canadian Pacific Railway Company" for the North West and South West quarters of Section 5, Township 23, Range 1, West of the 5th Meridian, and the North East quarter of Section 5, Township 22, Range 29, West of the 4th Meridian, as well as for other lands.

On the 5th July following the Registrar issued certificates of title in favour of the Company for the three quarter-sections in question as well as for the other lands which are above referred to.

It was subsequently discovered that certain squatters, Nelson Leto, John Robinson, and Joseph Moss, who were living on the three quarter-sections, respectively, claimed them as their respective

respective homesteads, and upon the circumstances being made known to you and the Land Commissioner of your Company, it was agreed that the Company would surrender these three quarter-sections to the Crown and accept in lieu thereof, the North West, North East and South East quarters of Section 32, Township 25, Range 1, West of the 5th Meridian.

The Deputy Minister of Justice, who was requested to furnish the necessary draft of the conveyance to re-vest in the Crown, title to the three quarter-sections which the Company have agreed to surrender, has replied that as such surrender will be effected by a transfer under "The Territories Real Property Act" and as your Company no doubt have the proper forms of transfer for use in this case, he thinks the better way is to ask you to have the necessary instrument prepared and executed, and to have the mortgage to Messrs. Smithers et al. discharged in so far as the lands to be transferred are concerned.

I am therefore directed to return, herewith, the two certificates of title, before referred to, and to request you to have the necessary transfer and discharge prepared, executed and mailed to this Department. With them also please send back the

the certificates of title, which will be forwarded with all other papers to the Registrar under cover of a letter instructing him to take, free of all charges to your Company, the necessary action to furnish your Company with new certificates of title for the lands, mentioned in the enclosed certificates, which will still belong to the Company.

CALGARY, ALTA..
26th March 1897

Sir:-

On NE¼ 5 - 23 - 29 W 4

One Joseph Moss was allowed to make homestead entry on the 18th of April 1889. The Land Commissioner of the Canadian Pacific Railway notified me that the Directors of the company had agreed to exchange the W.½.of 5-23-1 west 5th and the N.E.¼.5-22-29 west 4th for the N.½.and the S.E.¼.of 32-25-1 west 5th Meridian, so as to enable some squatters, amongst among others, Mr. Moss, to obtain homestead entry. His claim was for the N.E.¼.of 5 - 22 - 29 west 4th Meridian. Moss settled on this prior to survey, or had at least improvements thereon. From the records of the Land Office it would appear that he settled on the land in February 1882, and has resided continuously thereon ever since. On the 31st of July 1890, the Calgary Agent was notified that the railway had agreed to relinquish their right to the land Mr. Moss claimed (See H.O.Ref.82.030) On the 28th of November 1890, the Calgary Agent asked Head Office for instructions regarding Moss entry, who was, I presume, waiting for transfer of land before granting entry. On the 22nd of December 1890 Head Office advised that steps were being taken to have the title to the land reinvested in the Crown and on the 5th of August 1891 the Agent was advised that the title was then vested in the Crown and entry might be granted and on the -

Department of the Interior,

12th of August 1891, Mr. Moss was notified to come forward and make his entry, which he did on the 2nd of September 1892.

In the arrangement with the Canadian Pacific Railway these squatters were concurring parties, it was arranged that they should acquire the land adjacent, up to one-quarter section by purchase from the Railway Company at the rate of $2.50 per acre, the price ruling for Dominion Lands at time of settlement. That price was then considerably lower than what was asked for land similarly situated by the Canadian Pacific Railway Company. Moss states that he paid the first instalment but that owing to failure of crops since, he has been unable to continue his payments and the railway company has now cancelled his contract.

He further states that his homestead quarter is very broken and chiefly fit for stock grazing and that the other quarter is really necessary to him for the growth of feed for his stock. He thinks he is entitled to a second homestead and asks the good services of the department in obtaining the S.E.¼ of the section from the railway company and granting it to him under second entry.

Moss is a hardworking industrious man and a first class settler; but owing to dry seasons, he is, I presume, probably hard up and would find it difficult to meet the payments on his purchase from the company.

The questions before the department are, first, is he entitled to a second homestead ? and, secondly, if so, can his wishes regarding the S.E.¼ of Section 5 be met. He called on me yesterday and stated his case and I promised him, that I would lay all the facts before the Minister and get a decision thereon. His Post Office Address is De Winton.

There can be no doubt, that had he squatted on an eve-

even section at the time he took up his claim first, he would have been entitled to a second homestead and would probably long ere this have received his patent for the same.

Sir,

Enclosed find copy of a letter from Mr Inspector Jarvis of Macleod dated 4th ult and and my reply of this date.

If Mr Jarvis can show that he is the rightful claimant to the land in question I presume there will be no objection to selling him this land at $ 1.- per acre that is the price at which many sales of land have been made in straightening out old claims of this nature. It will be seen from my letter to Mr Jarvis that the claim appears to be a pretty complicated one.

However your records or that of the Agent may disclose such facts that it may not be so complicated as I assume.

I think Mr Jarvis will have no difficulty in showing that he has been in undisputed possession for some yearsthough probably not through the parties named in the claim preferred some years ago, namely Dunn, Crain and Carr. It may be that after Carrs death and Crain had left the land some other party had taken possession and either he or his assigns have remained in possession ever since and as that possession would run back probably 10 years or nearly that, probably the Department would be safe enough

I have the honor to acknowledge receipt of your letter dated 17th March with thanks.

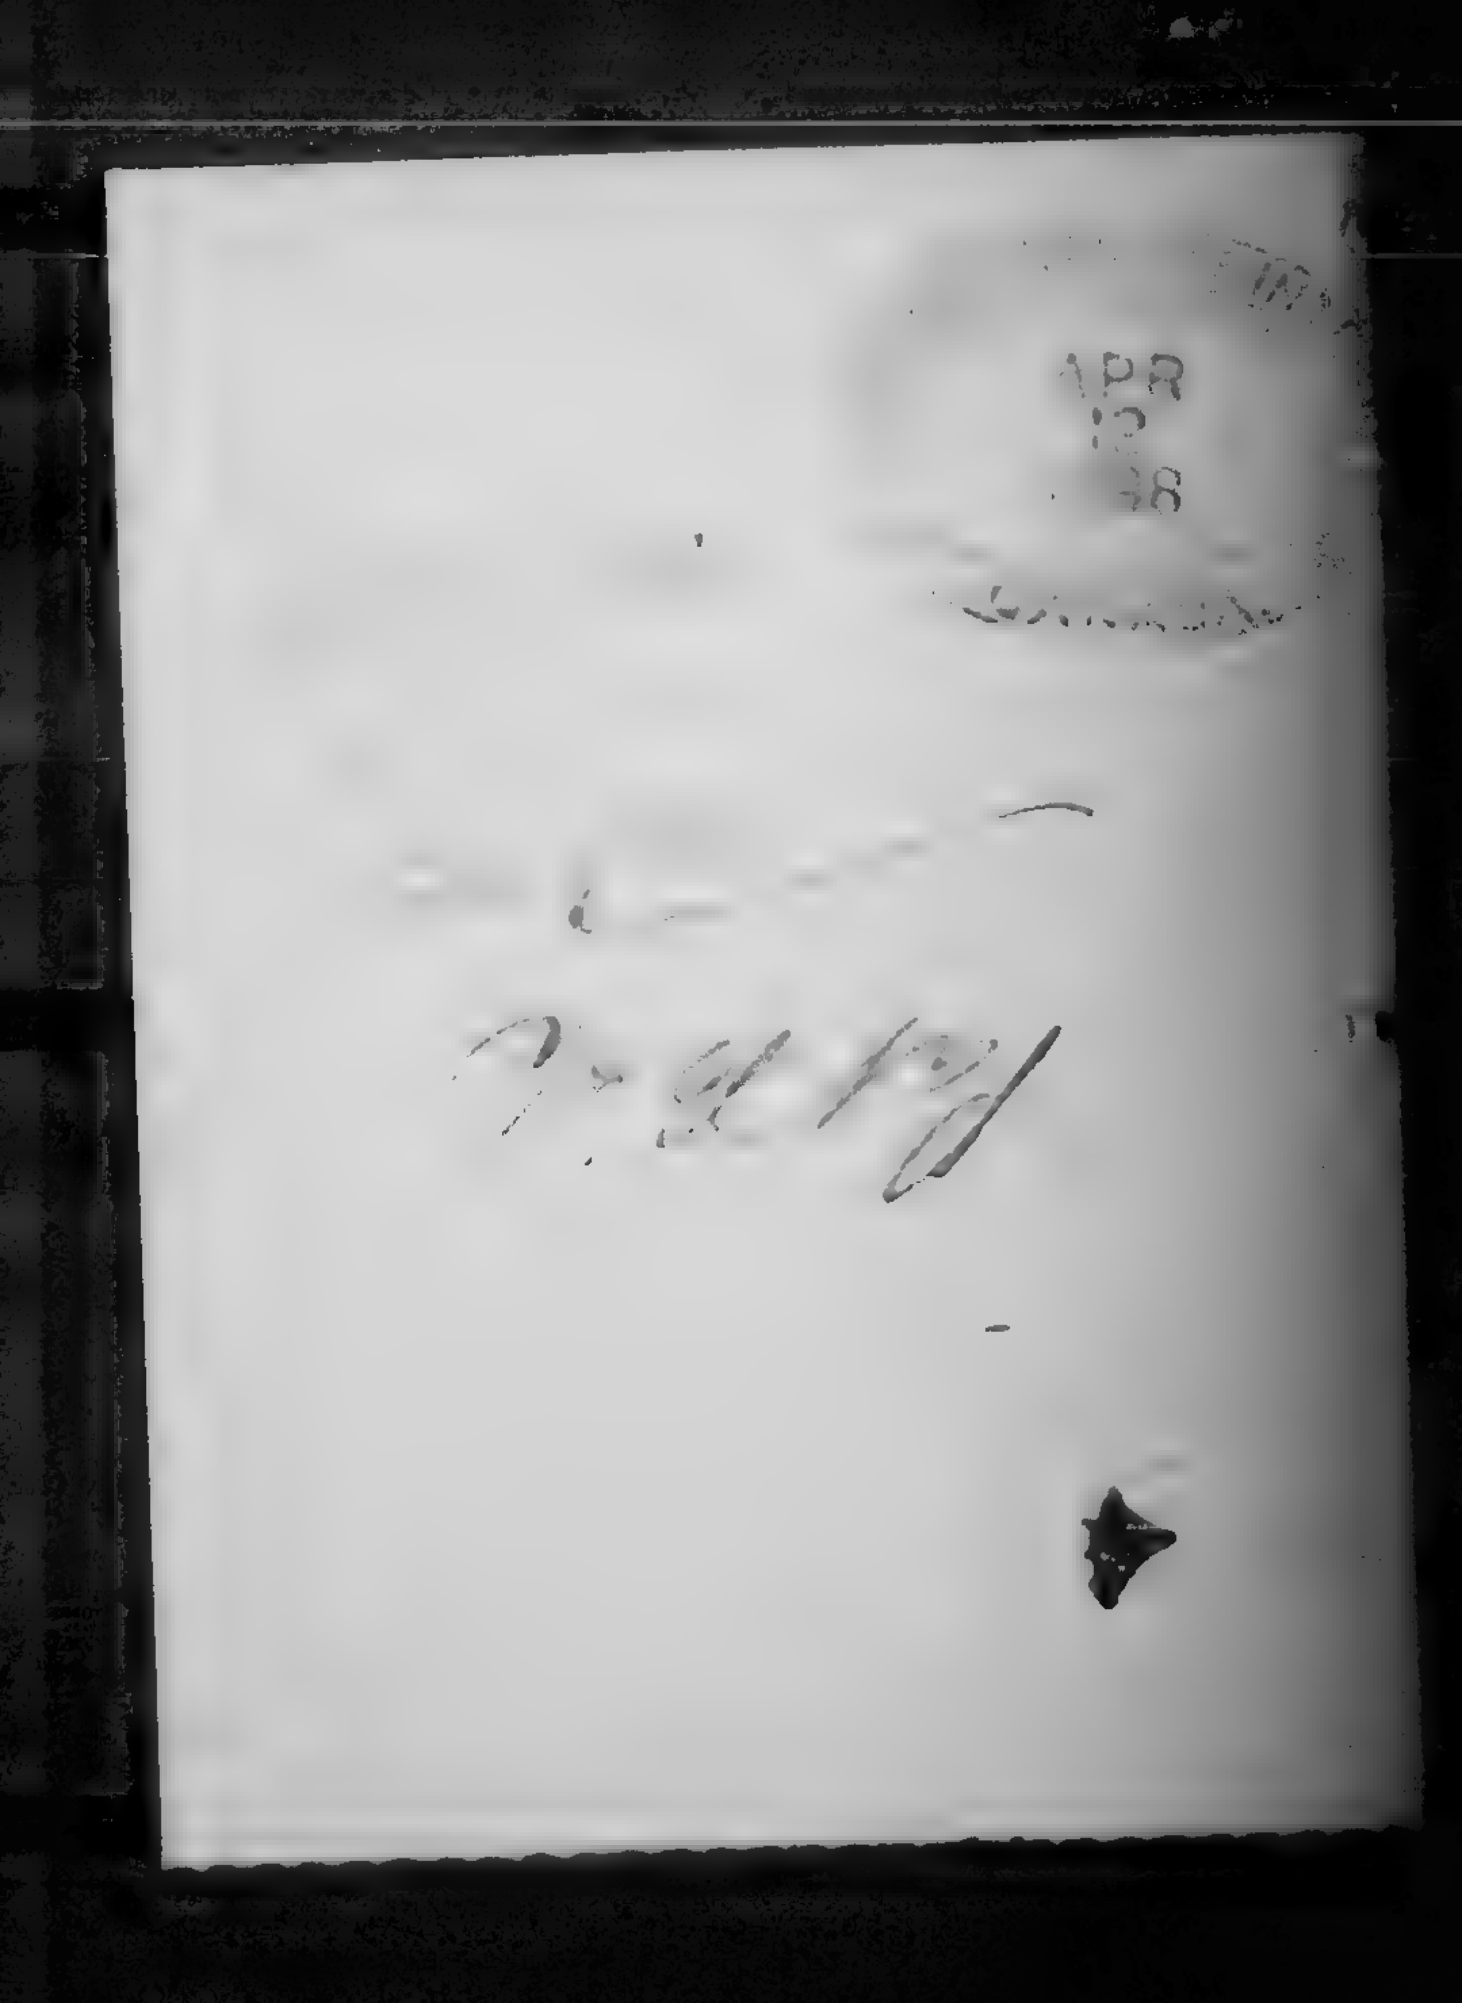

I purchased this property for my brother from William Metzler of Fishbourn Alta. Metzler purchased from Le Grandeur who was I believe appointed administrator of the Phillip Cailley or Carr Estate. If I get a deed from Jones Le Grandeur would not that be sufficient to give me a title of the land and improvements? and put me in a position to deal with the Government.

Dear Sir,

I beg to apply for permission to purchase the fractional N W 1/4 of 9- 6- 25- W 4th being the property known as the Carr ranche on Belly River.

I have purchased the building and claim to the place from Bentley who bought from Jarvis, he bought from Metzler, who bought from Legrandeur the Administrator of the Estate of Philip Carr deceased.

I intend to reside on the place with my family and do some trading but my chief object is to start ranching, which I intend to do as early as possible.

Having been in the employ of the Indian Department for a number of years, I would ask for liberal treatment in this matter.

I am dear Sir

Gentlemen,

With yours of Philip Carr squatted upon the N.W.¼ of 9-6-28 W.4th M. and made certain improvements thereon. He has since become deceased, and the land has through various hands passed down to one F. Should he do so, and give you satisfactory evidence that he is the assignee of the estate mentioned, I trust you will deal favourably with him: as would the Department had it entertained his claim.

Mr. Edward McNeil, formerly employed in the Outside Service of the Indian Department, applied to homestead the S. W. ¼ of 16--C--25, W. 4th, containing about sixty acres, and which comprises Legal Subdivision 4 and the S. ½ of Legal Subdivision 5, the remainder of the quarter-section west and north of the Belly River being reserved by Order-in-Council for stock-watering purposes, and the portion south and east of the river forming part of the Blood Indian Reserve.

Mr. McNeil purchased from the Calgary & Edmonton Railway Company the fract. N. W. ¼ of 9--C--25, W. 4th, lying west of the river, containing thirty-four acres, this parcel, on which Mr. McNeil resides and has his buildings, being separated from the land applied for by the road allowance.

The land applied for is vacant in the records of the Department; and there appears to be no objection, if the quarter-section is available according to the books of the local Agent, and Mr. McNeil is eligible, to permitting him to homestead it.

Mr. E. McNeill, of Macleod, purchased Sub. N.W. ¼ of Section 9 in this Township, lying west of the River containing an area of 43 acres, and on the 15th November, 1899, was given permission to homestead the available portion of the S.W. ¼ of Sec. 16, being L.S. 4

Sir,

With reference to your application that Legal Sub-divisions 3 and 6 and the North half of Legal Sub-Division 5 of Section 16, Township 6, Range 25, West of the 4th Meridian, be added to your homestead, I beg to say that the evidence submitted by you is not sufficient to establish a prior right to this land and therefore it has been decided that it will be sold at public competition at an upset price of $3.00 per acre. A notice of the lands withdrawn from the stock watering reserves which are to be offered for sale will be posted in the office of the Agent of Dominion Lands for the district at some time during the month of September.

Dear Sir

I have been notified that the b/c of the Qr Sec that my Homestead is on is to be put up for sale and I feel that this is a great injustice to me as at the time of my making entry for this my Homestead I could only get about 35 acres the b/c being Water Log I was told at the time that I was fencing my land that I should fence in the whole Qr as others were doing at the time. If I had done so I suppose

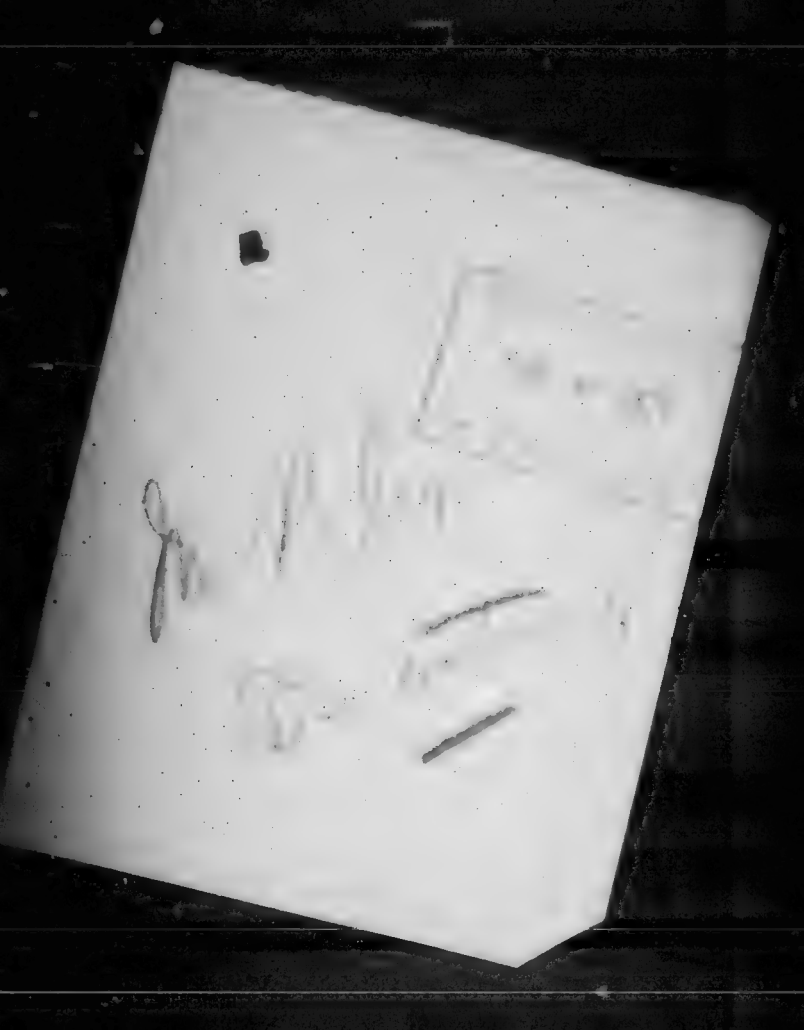

I would now be getting my whole Gas Sec instead of being shut in on about 35 cars I think it is hardly fair that for abiding by the rules at the time (I mean in not fencing in the wells &) I should be made to suffer for it now

Now if you can do anything for me in this you will save me being crowded out

And I will be greatly obliged to you

Yours Truly

E. McNeil

Mr. Turriff,

Please see Mr. Campbell's Memorandum with reference to the application of Mr. E. McNeill, of Fort Macleod, to purchase a stock watering reserve. You decided that Mr. McNeill would have to compete for the land.

The annexed letter has been received from him and I beg to enquire whether you consider, in view of what he states, the decision already given should be reversed, and the land sold to Mr. McNeill.

I think, under the regulations adopted, that Mr. McNeill has to compete.

Respectfully submitted,
